

Dear Exhibitor,

We can't wait to welcome you to NY NOW this Winter!

The enclosed manual covers the important information you'll need as you prepare for the upcoming market. We encourage you to read through each section carefully as items change from market to market.

- **All NY NOW® sections** in all areas of the building will **open at 9:00 am Sunday, February 3 and close at 3:00 pm Wednesday, February 6**. No sections will be open on Saturday.
- Take note of deadline dates – the savings can be substantial - when ordering goods and services from our vendor partners including Freeman (**January 8 for set-up labor, rental displays, furniture and carpeting, etc.**) and the Javits Center (**January 19 for electrical service and telecommunications, etc.**). *Don't forget to request confirmations of processed orders from our vendor partners and bring this paperwork to show site.*
- Refer to the color-coded target check-in floor plan for your company's move-in schedule. For exhibitors utilizing hand-carry move-in this schedule indicates when your booth space will be available for set-up. **NOTE: Target check-in times change from market to market.**
- **Make it easy!** Clearly display your company name AND booth # in a visible location so NY NOW attendees can find you with ease. Also, don't forget to call-out NEW products within your display.
- **We're here to help!** If you have any questions or need clarity on a particular topic please don't hesitate to reach out to us. On page 7 you'll find contacts to direct your questions to depending upon the topic.

Security Information

February 3-6, 2019 • Jacob K. Javits Convention Center • New York, NY

Show Management will have perimeter guard service at the JKJCC throughout the set-up, Show days and dismantling periods of the Show. **Exhibitors are reminded, however, that this event is an open booth Show and they are solely responsible for the security of their exhibits, merchandise and personal belongings.** Protect yourself from the unexpected.

Each exhibiting company should have property insurance coverage in place that protects you "just in case." While Show Management will exercise reasonable care in safeguarding exhibitors' property, neither Show Management, the JKJCC, the contractors, nor any of their officers, agents or employees, assume any responsibility for such property. Exhibitors should take every precaution to protect exhibit materials. Here are a few suggestions:

- Ship in locked trunks or crates.
- If cartons are used, be sure they are securely taped or banded, and do not mark them with the name or type of articles inside.
- Ship with a reputable trucker or forwarder.
- Furnish the shipping company with an accurate bill of lading, including the weight of the shipment.
- Do not leave the exhibit unattended during set-up, Show days, and the dismantling period.
- Cover the display at the end of each set-up and open day of the Show.
- If merchandise is particularly valuable, consider booth security or store in overnight security in meeting room 1B02-03
- Do not leave merchandise under tables or displays overnight.
- Do not, under any circumstances, include merchandise in containers to be stored with empties.
- At the close of the Show, pack as quickly as possible, and do not leave the exhibit space unattended.
- Have an employee remain in the exhibit space until all merchandise is completely packed and sealed.

The Overnight storage room is available 24 hours a day during move-in, show days and move-out, located in room 1B02-03. You can ask a floor manager for this precise location. This storage rooms are staffed by security and can be used to store handbags, laptops and brief cases during the show or merchandise overnight. **Please note: all items must be removed by 12 noon on Thursday, February 7. Show management will not be responsible for items left behind.**

The Javits Center has announced the launch of a new camera system that allows customers to view their exhibits in real time from a mobile app on their personal devices. Under the program, customers operating an exhibit at the Javits Center can purchase the installation of high-definition cameras that provide live-stream aerial footage of their exhibit, enabling them to assess sales activity, the level of customer engagement and the impact of product placement. Live-stream footage from each camera – installed and maintained by Javits Center staff – will be available to customers 24 hours a day by downloading a free mobile app on their smartphone. The palm-sized 2 Megapixel cameras can be mounted at most exhibits, and customers will have the ability to download their own video footage. International Shipping Information

February 3-6, 2019 • Jacob K. Javits Convention Center • New York, NY

Due to heightened security at U.S. ports of entry, some international shipments may be delayed for inspection. We strongly recommend consulting with your carrier and your customs broker to determine when to ship your product to ensure timely delivery.

Phoenix International Business Logistics, Inc. is the recommended Customs House Broker and International Freight Forwarder for the Show. International participants should be aware that exhibitors have the option of entering their shipments under duty free Trade Fair Status. This option is intended for high value merchandise only.

In accordance with the U.S. Customs regulations, freight entered under trade fair status cannot be removed from the bonded facility (JKJCC) unless for exportation, destruction, or for permanent U.S. entry. If arrangements have not been made for merchandise to either be exported, or sold and cleared through U.S. Customs by Show closing, merchandise will be transported in bond, to Phoenix's bonded warehouse and placed in storage until otherwise instructed. Phoenix is available to advise the best methods of transportation to New York, including recommendations of shipping lines and airlines, and to advise what documents and procedures are required, etc. Refer to the International Freight Guidelines within the vendor section of this manual for more information. Or, you may contact Phoenix at 908-355-8900 or phobson@phoenixlogistics.com.

Federal Regulations regarding ocean freight shipments

International exhibitors attending trade shows in the U.S. now face new federal regulations when importing cargo by ocean freight from overseas. On January 26, 2009 the Import Security Filing (ISF) rule, also known as the 10+2 rule, took effect. International exhibitors who fail to follow the new rule from the U.S. Customs and Border Protection (CBP) are putting their show in jeopardy because Customs can refuse to allow the cargo to be loaded at the point of origin, thereby delaying the shipment. Under the ISF rule, importers are required to submit 10 items of data about their cargo at least 24 hours before it is loaded aboard a vessel at a foreign port. Two additional data items are required by the carrier as well, resulting in what is known as the 10+2 rule. To comply with the new rule, exhibitors are required to provide Phoenix or a Phoenix agent the following 10 data elements 48 hours prior to loading at the port of origin:

- | | |
|--|---|
| 1) Manufacturer (or supplier) name and address | 6) Consolidator name and address |
| 2) Seller name and address | 7) Importer of record number |
| 3) Buyer name and address | 8) Consignee number |
| 4) Ship to name and address | 9) Country of origin of goods |
| 5) Container stuffing location | 10) Harmonized Tariff Schedule of the United States |

To expedite the process, contact Phoenix or a Phoenix agent to request an email copy of an easy to use "type and send" ISF form or download it from <http://phoenixlogistics.com/ImporterSecurityFiling.pdf>.

Canadian exhibitors seeking to export exhibit materials to the U.S. should be advised that U.S. Customs will require an IRS identification number for the entry of these shipments to the U.S. If your organization does not have an IRS number, your U.S. Customs broker should have the capability to file and receive a temporary IRS number on your behalf. Failure to provide this number at the border crossing will result in delays. Emerald Expositions cannot provide our tax identification number to exhibitors as the importer of record must be the exhibitor or a distributor representing the exhibitor. Remember: no show materials = no show. Don't delay in making these arrangements prior to shipping your exhibit. Please call Phoenix at (908) 355-8900 for further assistance.

Important! The Bioterrorism Act passed by the U.S. Congress in 2002 regulates all shipments of food and beverages into the United States. All food and beverage shipments, no matter how small, are subject to inspection upon arrival in the United States. This may cause considerable delay to your shipment. NY NOW exhibitors are discouraged from shipping from overseas any food or beverages for their personal use or for distribution from their booth. If your product to be displayed for sale in your booth includes food or beverages, we recommend that you contact Phoenix International for more information.

U.S. Customs and Border Protection has recently begun enforcing new regulations regarding wood packing material (crates, pallets, etc.) We encourage you to contact a customs broker prior to shipping any wood packing material from outside the U.S. Please refer to the International Freight Guidelines within this manual for more information.

Close of Market

February 3-6, 2019 • Jacob K. Javits Convention Center • New York, NY

Buyers are **NOT ALLOWED** on the Exhibit Floor during breakdown. If you have to meet a buyer after the Show closes, please arrange to meet them outside of the Exhibit Hall at a specific time. Show Management cannot be responsible for making these arrangements or attempting to get the parties together.

All sections close at 3pm on Wednesday, February 6

Empty crates, trunks and cartons will be delivered to booths as quickly as possible. Exhibitors should remember that it takes several days to remove all crates and empties from the floor, and it can take up to eight hours to return them at the end of the Show. Exhibitors should not leave their booth(s) unattended during this period as it is almost impossible to protect against pilferage. Exhibitors removing merchandise must wear their exhibitor badge. Further instructions regarding dismantling will be distributed during the Show.

Exhibitors targeted for move-out on Friday, February 8, 2019, must be packed and have their Material Handling Agreement turned into the Freeman Exhibitor Service Center by 11 am on Friday morning. Exhibitor materials must be removed at 11 am. To ensure all materials are removed by this time, all carriers must be checked in by 9 am.

Please be advised that exhibitors are responsible for any costs associated with Javits Center trash removal/dumpster charges due to abandoned booth displays (**including large, one time use, shelving units**) and/or large crates and flooring left in booth spaces at the conclusion of our event. If you are interested in receiving a price quote for these services from the Javits Center, please stop by the Show office.

Show Management will not be responsible for items left behind.

Outbound Shipments

February 3-6, 2019 • Jacob K. Javits Convention Center • New York, NY

Exhibitors are responsible for the pick-up of exhibitor merchandise from the JKJCC at the conclusion of the Show. Freeman will assist in arranging such pick-up, but in the event of failure to collect exhibitor's merchandise, Freeman reserves the right to reroute shipments. **Material handling agreement paperwork covering all outgoing shipments must be handed in at the Freeman Service desk before exhibitors leave the JKJCC.**

Removal by Exhibitor

Cars, small vans, and company trucks smaller than 30' can be loaded out Wednesday evening. (Please be patient/plan accordingly as the vast majority of material handling labor efforts on Wednesday afternoon/evening are directed to returning the empty boxes, cases, pallets and crates stored in the dock areas or on trailers several blocks from the Javits Center. Space in the back is limited. The loading out process on Wednesday can involve many hours of waiting time). Please check in with the freight desk before 10:00 PM. Vehicles larger than 30', all common carriers, and van lines will not be loaded on Wednesday evening unless advance notice is given to Freeman by noon on Tuesday. All samples not removed from the JKJCC by 4:00 PM on Thursday, February 7 or 11am on Friday, February 8 based on your targeted move-out, will be taken to the official freight contractor's warehouse at charges specified on the Material Handling Service & Rates Form or the freight will be rerouted to another carrier at the exhibitor's expense. All displays that have not been dismantled and packed by 11:00 AM on Friday, February 8, will be dismantled by the official service contractor at the exhibitor's expense.

Removal by Third Parties

The sale of part or all of an exhibitor's lines to department stores, jobbers, etc., has resulted in the movement of material from one booth to another as the merchandise of many exhibitors is consolidated for one large shipment. As a result, problems arise either because of error or because of purposely misdirected shipments. Exhibitors are responsible for the proper preparation of all shipping documents for merchandise in their booth(s), including material handling agreement paperwork and bills of sale. The material handling agreement paperwork must list the name and address of the shipper, the consignee, the count, description and weight of covered items. Exhibitors should indicate whether shipments are prepaid or collect and state the name and address of the company or person responsible for charges. Under no circumstances can this responsibility be delegated. Exhibitors must submit properly completed material handling agreement paperwork to the official freight contractor prior to leaving the JKJCC. **EXHIBITORS ARE RESPONSIBLE FOR ALL PACKING BY, AND ACTIONS OF, PERSONNEL BROUGHT INTO THE SHOW BY PURCHASING FIRMS.**

Any party picking up one or more sample lines must sign in with Freeman and present a list of exhibitors with booth numbers from which merchandise will be collected. The merchandise of each exhibitor must be packed separately with separate material handling agreement paperwork. Freeman will not accept material handling agreement paperwork from anyone other than the contracting exhibitor. The procedures outlined herein will be strictly monitored by Freeman and Show Management.

All display materials used in the Javits must be flame retardant and conform to New York City Fire Department "FDNY" regulations. No combustible decorations shall be used at any time. All fabrics and decorations used in booths must be flame proofed with a compound approved by the New York Board of Standards and Appeals. An affidavit must be kept available in the display for inspection by the FDNY, stating clearly (i) by whom and when such flame proofing was done; (ii) the exact materials flame proofed and the flame proofing compound used; and (iii) the approximate period of effectiveness of such flame proofing. A flame test may be performed by the FDNY at an inspector's discretion.

Cut flowers, living trees, plants, shrubs and grasses are permitted, provided all such decorations are kept in moist earth or water and are maintained in a healthy condition. Decorative greens containing pitch are prohibited. Artificial flowers or floral decorations which are not, or cannot be, flame proofed to comply with FDNY regulations, may not be used. No tanks of liquefied petroleum gas or inflammable liquid, either empty or filled, may be brought into the JKJCC. The use of packing crates or cartons as display pieces is permitted, provided they are flame retardant and conform to the FDNY criteria.

Please contact Elijah Williams, Javits Center Fire Safety Director at Ewilliams@javitscenter.com or (646) 352-1361 for further information.

FLAMEPROOFING

Packing Materials

Avoid flammable packing materials. The cost of any of several suitable materials is not high and they last for several shows. Although we cannot predict how individual fire inspectors will rule on these matters, it is believed that wooden crates, corrugated cartons and fabric padding are acceptable. While not fireproof, they will not readily ignite from a carelessly thrown match or cigarette or an electrical spark.

DISPLAY MATERIALS

Use only FLAME PROOFED fabrics for display and test them personally to make sure they will not burn. While a final determination rests with the fire prevention inspector, in most cases this does not apply to displaying your own product (please contact Elijah Williams, Javits Center Fire Safety Director at Ewilliams@javitscenter.com or (646) 352-1361 if you require further clarification). Flame proofing usually lasts from six months to a year after which the material must be reprocessed. The test, usually performed by a fire prevention inspector, is to hold a lighted match to several different portions of the fabric. The material may char, but cannot burst into flame, melt, or drip. All decorative greens containing pitch and straw are prohibited. **Untreated cardboard and paper display backdrops or flooring are prohibited.*** **Untreated wood shipping pallets used for display walls or flooring are prohibited.**

JAVITS CENTER REMINDS CUSTOMERS ABOUT HAND CARRY POLICY TO MINIMIZE TRAFFIC CONGESTION

The Javits Center is the busiest convention center in the United States, and as a result, their operations can have a major impact on the surrounding community. As Manhattan's West Side continues to evolve with new developments, clients of the Javits Center must make every effort to minimize our impact on neighboring streets during move-in and move-out periods.

Recent traffic congestion concerns around the Javits Center have increased traffic enforcement by City agencies. In order to alleviate these concerns, the Javits Center is re-issuing their hand carry policy to all concerned. The hand carry policy, which is outlined below, is designed to maximize exhibitor move in and minimize traffic congestion.

Exhibitors are reminded that the west side of 11th Avenue is officially designated a City bus lane, and vehicles illegally parked will be subject to a fine and/or vehicle towing by the New York City Police Department (NYPD). For move-in and/or move-out periods during large trade shows, the Javits Center will often request assistance from the NYPD to facilitate curbside standing of personal vehicles and small vans along the west side of 11th Avenue between West 34th Street and West 40th streets. However, this does not grant immunity from potential ticketing or vehicle towing to customers who ignore the regulations established by the Javits Center in conjunction with the NYPD and other regulatory agencies.

The Javits Center Hand Carry Policy is as follows:

Approved During Hand Carry Operations:

- Individuals moving these items must be employees of the exhibiting company and must carry identification to verify their position;
- Exhibitors moving items must use doors and routes designated by event management;
- Hand-carried items can be brought in through the front of the building (east side) and at specified times, the north side, as long as traffic regulations are obeyed;
- Exhibitors may use nothing larger than a two-wheeled baggage cart (plastic or rubber wheels only) to move their items;
- Hanging clothing racks with four wheels are allowed for moving hanging garments; Pop-up displays – equal or less than 10 feet in length and capable of being carried by hand by one person – may be brought into the building; and
- The Javits Center reserves the right to search any box, bag, container, crate, etc. to ensure full compliance with the building's regulations.

Javits electricians must install and dismantle all lighting and electrical with one exception; an exhibitor with a 100 sq. ft. booth, having ordered one 500 watt outlet, may hang and dismantle exhibitor owned light fixtures, up to four individual lights (**excluding track lights**) without tools or the use of a ladder. An inspection fee of \$58.00 will apply to this scenario.

Track lighting with four light fixtures or less in a 100 sq. ft. booth, having ordered power and requiring labor and/or utilizing **track lighting** should expect to pay for installation and dismantling labor. Exhibitor must provide their own support for hanging track lighting. Support bars can be found here: http://www.pipeanddrapeonline.com/7--12-Foot-Adjustable-Width-Support-Rod_p_87.html.

Javits electricians also install and remove all electrical signs, wiring, load centers, disconnects and distribution panels, all communication and video cable between and outside exhibits and under carpets, and all sound systems. Javits electricians will also operate certain sound, light, and video systems as well as install monitors that are wall or stand mounted.

If you wish, you may plug in your own equipment to your rental outlet if you have ordered 110 volt service of 500 watts or less. You may also test and tune your own equipment and run communications wire between devices like modems, CPUs or printers within your booth.

NOTE: Exhibitors may not plug into existing service/service ordered by another exhibiting company. This dangerous practice is a fire hazard and will be monitored closely.

PLANNING YOUR ELECTRICAL SERVICE

Here are some facts and tips to help you save energy when planning your electrical service:

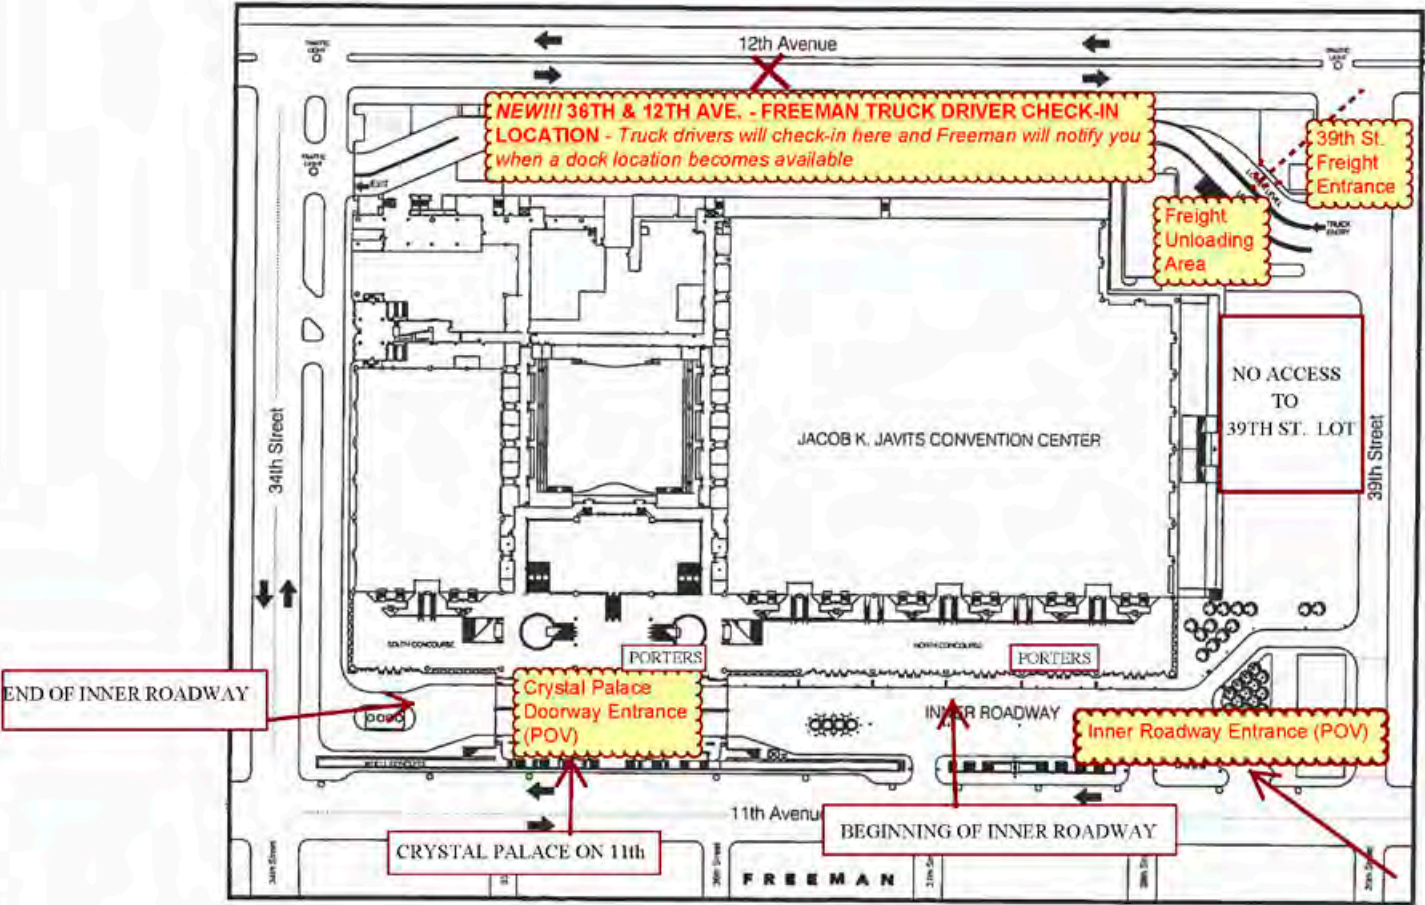

- All Javits electrical service connections are single connections (a multi-box/plug-in strip is an extension cord only and requires electrical wattage).
- As mandated by the electrical code, lighting fixtures may only be powered by service classifications of “up to 500 watts”, “501 to 1000 watts” and “1001 to 1500 watts”. **Service classifications “1501 to 2000 watts” and 2001 to 2500 watts” are for equipment hook up only and may not be used for lighting circuits.**
- If you have several devices and pieces of equipment spread throughout your booth, you may need to order a separate service for each.
- All electrical equipment must be Underwriter Laboratories (UL) approved.
- Electrical code violations are unsafe, time consuming and costly to correct. So, please feel free to call Javits Show Electric Division at (212) 216-2656 if you have any questions about the New York City codes. A couple of typical code violations are:
 - ◆ Use of multiple attachment plugs, called “cube taps”
 - ◆ Use of plugs and connectors which are commonly used in Europe and Asia
 - ◆ It is a fire hazard to connect more than one multi box or plug-in strip to a single electrical connection
- Be aware of labor charges you may incur. Charges are usually assessed for:
 - ◆ All 208, 460 volt and overhead work
 - ◆ Securing and removing service for booths with three or more separate 110 volt services
 - ◆ **Installing and dismantling exhibitor-owned lights. (An exhibitor with a 100 sq. ft. booth, having ordered one 500 watt outlet, may hang and dismantle exhibitor owned light fixtures –excluding track lights - without tools or the use of a ladder.)**
 - ◆ Installing and removing communications cable between booths or under carpet
 - ◆ Installing, operating and removing sound and light equipment

Labor is charged in half-hour increments. If the electrical service for your exhibit is complex and you are concerned about labor charges, call the Javits Show Electric Division at (212) 216-2656 for a labor estimate. To place your order, simply call toll-free (877).4.JAVITS (877.452.8487) or order online through the [Javits exhibitor portal](#) and receive a discounted rate.

Electrical Service and Fixture Options

The Javits Center can provide 110 volt service in 500 watt increments up to 2500 watts. Refer to the [Javits exhibitor portal](#) for information on additional power options, quad boxes and plug-in strips, and the array of lighting fixture rental options available. Parcan lighting fixtures are available on a limited basis in the exhibit halls housing booths 5000–6808, 8200–8770, and 100–550. Please contact the Javits Show Electric Division at (212) 216-2656 for clarification. **Please note**, if your Booth Package includes light fixtures, they will be installed automatically, it is not necessary to complete a request for electrical form. However, if you require additional power, you must place an order.

Customarily, this service must be ordered in advance at exhibitor's expense.

CARPENTER UNION:

ELECTRICAL UNION:

Electricians handle all electrical work, which includes supply power lines to your booth, connecting equipment to outlets and install signs or headers that are lighted, unless they are permanently a part of the exhibit backwall.

EXHIBITOR CAPABILITIES & WHAT REQUIRES UNION LABOR:

For detailed information regarding work rules and policies on what exhibitors can do and what requires union labor, please visit [Javits Center Operational Policies](#)

Affidavits attesting to flameproof compliance with New York City Fire Department Regulations must be submitted when requested.

INSURANCE:

Freeman and/or the Association (Exhibit Manager) and/or the Exhibit Convention Site will not be responsible in any way for the safety of any exhibit or materials against fire, water, theft, accident or any cause nor for the loss or damage to goods consigned to its care. However; every effort will be made to protect exhibitor's property. You are advised to consult your insurance broker for proper coverage on any of your display material from the time it leaves your Company's premises until it returns. In most cases a rider can be added to your present policy for a very nominal cost.

To protect your property and staff we suggest taking the following steps:

Property Insurance

Contact your insurance broker or carrier to obtain a policy to cover the value of your booth, equipment, product and supplies. If you already have property insurance, confirm that it will extend to your property during shipping and at the show. Many insurance policies only cover property at a listed location or within 1,000 feet of that location. If you use an independent contractor for installation or dismantling, review the agreement carefully to determine what insurance may be available if damage occurs as a result of their negligence.

Exhibitor Insurance Program

EXHIBITOR GENERAL LIABILITY INSURANCE (REQUIRED)

Emerald Expositions requires that all exhibitors carry Commercial General Liability with minimum limits of **\$1,000,000 per occurrence, \$5,000,000 aggregate**. Emerald Expositions and the Venue shall be named as Additional Insured.

The insurance will be in force during the lease dates of the event/show.

- Provides exhibitors who do not have Commercial General Liability Insurance or who do not want to use corporate insurance.
- Protects foreign exhibitors whose insurance will not pay claims brought in the U.S. Courts
- Cost is \$65.00 USD per exhibiting company – regardless of booth size.

INTRODUCTION

Phoenix International Business Logistics, Inc. (PIBL) has been appointed the Official International Freight Forwarder / U.S. Customs Broker for NY NOW 2019

We strive to offer each exhibitor exemplary service in concert with our overseas partners. By using PIBL's international network, your company can derive the following benefits:

- Alleviate potential transport and customs clearance problems and insure your exhibit is delivered on time.
- Increase the efficiency and reliability of the entire transportation process
- By establishing an account with a PIBL overseas agent, all charges for services incurred in the U.S. can be invoiced directly to you through our agent. Otherwise, payment for services must be collected from the exhibitor (or their freight forwarder) prior to the delivery of your shipment to the show site.
- PIBL will coordinate the customs clearance of all inbound freight through U.S. Customs and Border Protection (CPB) and will arrange timely delivery to the show site.
- Our licensed personnel are on-site before, during, and after the show to answer questions about customs clearance and to assist you with the re-exportation of freight after the show closing.

Should you have any questions regarding transportation or U.S. Customs issues, we invite you to contact us.

U.S. CUSTOMS CLEARANCE PROCESS

All shipments arriving in the U.S. require clearance from U.S. Customs prior to release from the port, airport or terminal. In order for PIBL to affect customs clearance on your behalf, you must provide a company name under which PIBL can prepare the customs entry. This company can either be a U.S. resident company or an overseas non-resident company.

What PIBL Needs to Act as Your Customs Broker

1. Completed U.S. Customs Power of Attorney Form (available upon request)
2. Import Freight Information Sheet (attached) - return this by facsimile or email to the PIBL coordinating office. If needed, consult with your freight forwarder on how to complete this form.
3. Contact name and phone number

Note: Customs clearance will take approximately 2-3 days. During this time, the freight must remain under customs supervision at the port of entry and under no circumstances can it be delivered to the show site.

About The Power Of Attorney

The PIBL coordinating office must be in possession of your Power of Attorney 48 hours prior to export of seafreight shipments, in order to file the importer security notice with U.S. Customs or immediately upon export of airfreight shipments. It is the exhibitor's responsibility to make available to PIBL all appropriate documentation for customs clearance. **Failure to do so may result in late filing fees and surcharges and/or late delivery to the show site.**

Blank Power of Attorney forms are available upon request.

Timely Deliveries

Although PIBL will do everything possible to insure all shipments are delivered in time for the show, we cannot be held responsible for late or delayed delivery of shipments due to the exhibitor's failure to follow the provided procedures.

TYPES OF U.S. CUSTOMS ENTRIES

Permanent Entries

Permanent Customs entries are reserved for those Exhibitors who are expecting their freight to permanently remain in the United States. U.S. Duty and other applicable processing fees will apply. Shipments with duty liability of less than \$250.00 are automatically cleared as a permanent entry.

Temporary Entries

NYNOW has been designated as an Official International Trade Show by the U.S. Government. This allows international exhibitors to enter freight into the United States duty free for 90 days. Prior to expiration of this 90 day period, the exhibitor must decide whether to Customs clear the goods permanently into the U.S., re-export the goods, or dispose of the goods. Unless instructions are otherwise provided or the shipment is imported under an ATA Carnet, all consignments with duty liability exceeding \$250.00 will be imported under a Trade Fair entry. Shipments with estimated duty liability less than \$250.00 will be entered permanently and the duty invoiced to the exhibitor or their agent. All give-away items, food, beverage, etc., are considered consumables and are therefore unable to be cleared under the Trade Fair Designation.

To prevent violation of the trade fair bond and the assessment of fines and penalties, re-exportation or permanent entry of all goods entered into the United States under trade fair designation must be processed by PIBL. All freight entered under Trade Fair status must remain in bond at PIBL's contracted warehouse after the show until permanent clearance has been processed with Customs and the duty paid or the freight is exported.

**** IMPORTANT NOTE ****

It is not recommended that merchandise intended for temporary or permanent entry into the U.S. be packed and shipped together. U.S. Customs will not accept one customs entry for both permanent and temporary freight. We suggest that such freight be packed and shipped independently under separate commercial invoices and house bills of lading. Questions on this subject can be forwarded to PIBL or our overseas agents.

IMPORTER SECURITY FILING (10 + 2)

International exhibitors attending trade shows in the U.S. face federal regulations when importing cargo by ocean freight from overseas. On January 26, 2009 the Import Security Filing (ISF) rule, also known as the 10+2 rule, took effect. International exhibitors who fail to follow the new rule from the U.S. Customs and Border Protection (CBP) are subject to fines and penalties. Under the ISF rule, importers are required to submit 10 items of data about their cargo at least 24 hours before it is loaded aboard a vessel at a foreign port. Two additional data items are required by the carrier as well, resulting in what is known as the 10+2 rule. To comply with the new rule, exhibitors are required to provide PIBL or a PIBL agent the following 10 data elements 48 hours prior to loading at the port of origin.

- | | |
|--|--|
| 1. Manufacturer (or supplier) name and address | 6. Consolidator name and address |
| 2. Seller name and address | 7. Importer of record number |
| 3. Buyer name and address | 8. Consignee number |
| 4. Ship to name and address | 9. Country of origin of goods |
| 5. Container stuffing location | 10. Harmonized Tariff Schedule (HTSUS) # |

On July 9, 2013, CBP was authorized to begin full enforcement of the ISF regulation. CBP will begin fining Importers for the submission of an inaccurate, incomplete or untimely filing or for failure to file. Violators will be fined \$5,000 per non filed, late filed, inaccurate filing or inaccurate ISF update. Fines will not exceed \$10,000 per ISF. To expedite the process, contact PIBL or a PIBL agent to request an email copy of an easy to use "type and send" ISF form or download it from

RESTRICTIONS ON WOOD PACKAGING MATERIAL

The United States Department of Agriculture (USDA) Animal and Plant Health Inspection Service (APHIS) has revised its import regulation for wood packaging materials (WPM), 7 CFR § 319. The final rule was effective September 16, 2006 with full enforcement commencing on July 5, 2006.

The regulation restricts the importation of many types of untreated wood articles, including wooden packaging materials such as pallets, crates, boxes, and pieces of wood used to support or brace cargo. The regulations currently refer to these types of wood packaging materials as solid wood packing materials, defined as “wood packing material other than loose wood packing material, used or for use with cargo to prevent damage, including, but not limited to, dunnage, crating, pallets, packing blocks, drums, cases, and skids.” **Any WPM not meeting the treatment specifications of this rule will be immediately re-exported.**

The rule states that regulated wood packaging materials must be marked in a visible location on each article, preferably on at least two opposite sides of the article, with a legible and permanent IPPC mark that indicates that the article meets the new requirements. U.S. Customs is no longer accepting fumigation certificates as proof of fumigation. All fumigated WPM must be stamped with the IPPC stamp.

Should you have any questions regarding the wood packing material used for your exhibit, please consult your local PIBL agent, in house freight forwarder, or packing and crating company. Additional information on this subject can be found on the USDA Website:

U.S. CUSTOMS CONTAINER SEAL REQUIREMENTS

U.S. Customs and Border Protection is reminding shippers and importers that all loaded containers arriving by vessel at a port of entry in the U.S. on or after October 15, 2008, are required by statute ([6 U.S.C. 944](#)) to be sealed with a seal meeting the [ISO/PAS 17712](#) standard.

The ISO/PAS 17712 standard requires that container freight seals meet or exceed certain standards for strength and durability so as to prevent accidental breakage, early deterioration (due to weather conditions, chemical action, etc.) or undetectable tampering under normal usage. ISO/PAS 17712 also requires that each seal be clearly and legibly marked with a unique identification number. If you have any questions regarding seal requirements, please contact PIBL or one of our overseas agents.

FULL CONTAINER OCEAN SHIPMENTS

Containers must be terminated at the Port of New York/New Jersey. At which point, PIBL will arrange the customs clearance and transfer to showsite

For the purpose of ensuring containers are available for re-export, we ask that you notify PIBL of any full container return shipments prior to arrival of the container in New York / New Jersey. Availability of containers is limited and booking equipment is required 15 days in advance. If arrangements have not been made and containers are not available for loading on showsite, Exhibitor's freight will be removed from showsite and returned to PIBL's contracted warehouse at the exhibitor's expense.

LESS THAN CONTAINER LOAD OCEAN SHIPMENTS

If you intend to utilize the services of a sea freight consolidator for your LCL (less than container load shipments), please be aware of the delays associated with utilizing this service. Freight availability and customs delays range from 5 -20 days. Although PIBL cannot reduce the risk of U.S. Customs examinations, we can expedite the clearance process and delivery to showsite. .

U.S. CUSTOMS DUTY AND PROCESSING FEES

Merchandise entered into the Commerce of the United States is subject to duty, merchandise processing fees and, if imported via seafreight, a harbor maintenance fee. These duties/taxes will be estimated and invoiced by PIBL in accordance with the description provided on your commercial invoice. All U.S. Customs and service fees invoiced by PIBL must be paid prior to freight delivery to showsite.

Duty- Based on commodity description and rate of duty

INSURANCE

In our effort to best service our customers, we must inform you that the liability of your freight forwarders, customs broker and contracted carriers, as well as ourselves, is limited to \$50.00 per shipment under the Freight Forwarder/Customs Brokerage Industry's standard terms covering liability for physical loss or damage to your cargo. In the unfortunate event that your goods are damaged or lost while entrusted to PIBL and if our agents or we are determined liable for the damage or loss, our and their liability will be limited to \$50.00 per shipment.

If you do not wish to run this risk, you have two options. You may declare the value of the goods to us prior to shipment and we and our agents will charge you a significantly higher rate for our services, or you may procure insurance on your own, or through us, for the full value of the goods for the time the goods are entrusted to us and/or our agents, including international door-to-door coverage.

Generally, the premium for such insurance is much less than the higher freight rate that you will be charged if you choose the first option, declaring the higher value.

If you or your insurance broker has any concerns that your present coverage does not fully cover the value of your shipment in the event of loss or damage, please feel free to request full coverage of this shipment in writing to PIBL. Through our underwriters, we have the ability to insure your shipment for the value as indicated in your request.

If you do not wish to exercise either option, or if you are satisfied that the insurance coverage you have arranged through others and not through us is sufficient, you are acknowledging the fact that PIBL has not insured your shipment and has advised you of the liability limitation that will otherwise apply.

INTERNATIONAL SMALL PACKAGE SHIPMENTS

Small package shipments are defined as shipments less than 50 kgs. Successful customs clearance and delivery of international small package shipments can be a challenge. To reduce delays, additional expenses and possible non delivery of your shipment, we recommend exhibitors utilize our door to door delivery services. In conjunction with our overseas agents, our staff arranges the transportation from origin, the customs clearance, and the delivery of your small package shipment to the show at a competitive price. Please contact us to discuss the best method for handling your small package shipment.

PROHIBITED COMMODITIES

Certain commodities are prohibited from import into the United States. We strongly advise you refrain from shipping any items of clothing, hazardous chemicals, paint, or food/beverages with your shipment. However, should you find it necessary to import such merchandise, please send it separately and in advance of your primary shipment.

OUTLAYS AND PAYMENT CONDITIONS

PIBL will advance funds on your behalf for expenses incurred in New York. Unless you have an established account with PIBL or a PIBL partner, these charges are expected to be paid prior to delivery of your shipment to showsite.

PIBL'S OVERSEAS AFFILIATES AND OFFICES

PIBL urges all exhibitors to utilize the transportation services of our overseas partners and affiliates. These offices have familiarized themselves with these Guidelines and are in a position to invoice you directly for all destination and onsite charges. Utilization of the PIBL network will alleviate any delays in New York and increase efficiency of the entire transportation process. The full contact information for each office is enclosed. If an agent is not provided for your country, please contact PIBL for the office nearest your location.

*** Freight Target Check-in Schedule for Deliveries Made Directly To The Convention Center Only**

This schedule refers to the time and date your freight has been assigned to be checked in at the Jacob K. Javits Convention Center. This is not necessarily the time your freight will be unloaded. The Check-In trailer is located at 36th Street and 12th Avenue.

An updated floorplan to reflect the most current booth layouts will be provided at a later date. The target (colored) areas will remain the same.

NOTE: This plan is for freight arrival times ONLY and is not a true representation of the actual show booth space delineations

NOTE: Move-In/Set-Up Hours are limited from 7:00 a.m. - 7:00 p.m. each day of move-in. Your first day of move-in is, however, dictated by this target schedule.

WHAT ARE FREIGHT SERVICES?

As the official service contractor, Freeman is the exclusive provider of freight services. Material handling includes unloading your exhibit material, storing up to 30 days in advance at the warehouse address, delivering to the booth, the handling of empty containers to and from storage, and removing of material from the booth for reloading onto outbound carriers. It should not be confused with the cost to transport your exhibit material to and from the convention or event. You have two options for shipping your advance freight — either to the warehouse or directly to show site.

HOW DO I SHIP TO THE WAREHOUSE?

- We will accept freight beginning 30 days prior to show move-in.
- To check on your freight arrival, call Exhibitor Services at the location listed on the Quick Facts.
- To ensure timely arrival of your materials at show site, freight should arrive by the deadline date listed on the Quick Facts. Your freight will still be received after the deadline date, but additional charges will be incurred.
- The warehouse will receive shipments Monday through Friday, except holidays. Refer to the Quick Facts for warehouse hours. No appointment is necessary.
- The warehouse will accept crates, cartons, skids, trunks/cases and carpets/pads. Loose or pad-wrapped material must be sent directly to show site.
- All shipments must have a bill of lading or delivery slip indicating the number of pieces, type of merchandise and weight.
- Shipments received without receipts or freight bills, such as Federal Express and UPS, will be delivered to the booth without guarantee of piece count or condition.
- Certified weight tickets must accompany all shipments.
- Warehouse freight will be delivered to the booth prior to exhibitor set up.

HOW DO I SHIP TO SHOW SITE?

- Freight will be accepted only during exhibitor move-in. Please refer to the Quick Facts for the specific exhibitor move-in dates and times.
- All shipments must have a bill of lading or delivery slip indicating the number of pieces, type of merchandise and weight.
- Shipments received without receipts or freight bills, such as Federal Express and UPS, will be delivered to the booth without guarantee of piece count or condition.
- Certified weight tickets must accompany all shipments.

WHAT ABOUT PREPAID OR COLLECT SHIPPING CHARGES?

- Collect shipments will be returned to the delivery carrier.
- To ensure that your freight does not arrive collect, mark your bill of lading “prepaid.”
- “Prepaid” designates that the transportation charges will be paid by the exhibitor or a third party.

HOW SHOULD I LABEL MY FREIGHT?

- The label should contain the exhibiting company name, the booth number and the name of the event.
- The specific shipping address for either the warehouse or show site is located on the Quick Facts.

HOW DO I ESTIMATE MY MATERIAL HANDLING CHARGES?

- Charges will be based on the weight of your shipment. Each shipment received is billed individually and is subject to the applicable show weight minimum. The shipment weight will be rounded to the next 100 pounds. Each 100 pounds is considered one “cwt.” (one hundred weight). All shipments are subject to reweigh.
- On the Material Handling Order Form, select whether the freight will arrive at the warehouse or be sent directly to show site.
- Next, select the rate for the freight category that best describes your shipment. There are four categories of freight:

Crated: material that is skidded or is in any type of shipping container that can be unloaded at the dock with no additional handling required.

Special Handling: material delivered by the carrier in such a manner that it requires additional handling, such as ground unloading, stacked and constricted space unloading, designated piece unloading, loads mixed with pad-wrapped material, loads failing to maintain shipping integrity, and shipments that require additional time, equipment or labor to unload. Federal Express and UPS are included in this category due to their delivery procedures.

Uncrated: material that is shipped loose or pad-wrapped, and/or unskidded machinery without proper lifting points.

Carpet and/or Pad Only: shipments that consist of loose carpet and/or padding only require additional labor and equipment to unload.

- All inbound and outbound shipments are subject to overtime charges if the shipments are received, loaded or unloaded during the overtime hours specified on the Material Handling Order Form. This includes both warehouse and show site shipments.
- Add any late delivery or off-target charges listed on the Material Handling Order Form if the freight will be received after the deadlines listed on the Quick Facts.
- The above services, whether used completely or in part, are offered as a package and the charges will be based on the total inbound weight of the shipment.

WHAT HAPPENS TO MY EMPTY CONTAINERS DURING THE SHOW?

- Pick up “Empty Labels” at the Freeman Service Center. Once the container is completely empty, place a label on each container individually. Labeled empty containers will be picked up periodically and stored in non-accessible storage during the event.
- At the close of the show, the empty containers will be returned to the booth in random order. Depending on the size of the show, this process may take several hours.

HOW DO I PROTECT MY MATERIALS AFTER THEY ARE DELIVERED TO THE SHOW OR BEFORE THEY ARE PICKED UP AFTER THE SHOW?

- Consistent with trade show industry practices, there may be a lapse of time between the delivery of your shipment(s) to your booth and your arrival. The same is true for the outbound phase of the show — the time between your departure and the actual pick-up of your materials. During these times, your materials will be left unattended. We recommend that you arrange for a representative to stay with your materials or that you hire security services to safeguard your materials.

HOW DO I SHIP MY MATERIALS AFTER THE CLOSE OF THE SHOW?

- Each shipment must have a completed Material Handling Agreement in order to ship materials from the show. All pieces must be labeled individually.
- To save time, complete and submit the Outbound Shipping Form in advance, or you may contact the Freeman Service Center at show site for your shipping documents.
- Once we receive your outbound shipping information we will create your Material Handling Agreement and shipping labels. If the shipping information is provided in advance, the Material Handling Agreement will be delivered to your booth with your invoice. Otherwise the Material Handling Agreement and labels will be available for pick up at the Freeman Service Center.

- After materials are packed, labeled, and ready to be shipped, the completed Material Handling Agreement must be turned in at the Freeman Service Center.
- Call your designated carrier with pick-up information. Please refer to the Quick Facts for specific dates, times and address for pick up. In the event your selected carrier fails to show by the final move-out day, your shipment will either be rerouted on Freeman’s carrier choice or delivered back to the warehouse at the exhibitor’s expense.
- For your convenience, approved show carriers will be on site to book outbound transportation if you have not made arrangements in advance.

WHERE DO I GET A FORKLIFT?

- Forklift orders to install or dismantle your booth after materials are delivered may be ordered in advance or at show site. We recommend that you order in advance to avoid additional charges at show site. Refer to the Rigging Order Form for available equipment.
- Advance and show site orders for equipment and labor will be dispatched once a company representative signs the labor order at the Freeman Service Center.
- Start time is guaranteed only when equipment is requested for the start of the working day.

DO I NEED INSURANCE?

- Be sure your materials are insured from the time they leave your firm until they are returned after the show. It is suggested that exhibitors arrange all-risk coverage. This can be done by riders to your existing policies.
- All materials handled by Freeman are subject to the Terms and Conditions, which can be found in the exhibit service manual or online at www.freeman.com.

SPECIAL HANDLING DEFINITIONS

for frequently asked questions and material handling estimator tools, go to www.freeman.com

Special handling applies to shipments that are loaded by cubic space and/or packed in such a manner as to require additional labor/handling, such as ground unloading, constricted space unloading, designated piece unloading, or stacked shipments. Also included are shipment integrity, alternate delivery locations, mixed shipments, and shipments without individual bills of lading. Shipments loaded in this manner require additional time, labor, or equipment, to unload, sort and deliver.

What is Ground Loading/Unloading?

Vehicles that are not dock height, preventing the use of loading docks, such as U-hauls, flat bed trailers, double drop trailers, company vehicles with trailers that are not dock level, etc.

What is Constricted Space Loading/Unloading?

Trailer loaded “high and tight” shipments that are not easily accessible. Freight is loaded to full capacity of trailer – top to bottom, side to side. One example of this is freight that is loaded down one side of a trailer that must be bypassed to reach targeted freight.

What is Designated Piece Loading/Unloading?

Drivers that require the loading crew to bring multiple pieces of the freight to the rear of the trailer to select the next piece, having to remove freight from the trailer then reload to fit or the trailer must be loaded in a sequence to ensure all items fit.

What are Stacked Shipments?

Shipments loaded in such a manner requiring multiple items to be removed to ground level for delivery to booth. Stacked or “cubed out” shipments, loose items placed on top of crates and/or pallets constitute special handling.

What is Shipment Integrity?

Shipment integrity involves shipments on a carrier that are intermingled, or delivered in such a manner that additional labor is needed to sort through and separate the various shipments on a truck for delivery to our customers.

What is Alternate Delivery Location?

Alternative delivery location refers to shipments that are delivered by a carrier that requires us to deliver some shipments to different levels in the same building, or to other buildings in the same facility.

What are Mixed Shipments?

Mixed shipments are defined as shipments of mixed crated and uncrated goods, where the percentage of uncrated is minimal and does not warrant the full uncrated rate for the shipment, but does require special handling. Freeman defines special handling for mixed loads as having less than 50% of the volume as uncrated.

What does it mean if I have “No Documentation”?

Shipments arrive from a small package carrier (including, among others, FedEx, UPS & DHL) without an individual Bill of Lading, requiring additional time, labor and equipment to process.

What is the difference between Crated and Uncrated Shipments?

Crated shipments are those that are packed in any type of shipping container that can be unloaded at the dock with no additional handling required. Such containers include crates, fiber cases, cartons, and properly packed skids. An uncrated shipment is material that is shipped loose or pad-wrapped, and/or unskidded without proper lifting points.

What about carpet only shipments?

Shipments that consist of loose carpet and/or padding only require additional labor and equipment to unload.

SAFETY TIPS

- Children under 16 years of age are not allowed on the show floor during the set-up and dismantling of the show.
- Standing on chairs, tables and other rental furniture is unsafe and can cause injury to you or to others. These objects are not designed to support your standing weight.
- Be aware of your surroundings. You are in an active work area with changing conditions during move-in and move-out. Pay attention. Look for obstacles, and machinery and equipment that are in use.
- Keep your eyes open for scooters and forklifts. The drivers of these vehicles may not be able to see you. Stay clear of dock areas, trucks and trailers. These areas can be particularly dangerous.
- Prevent electrical shocks, falling items and damage to materials. Do not attach items or equipment to the drapes or metal framework provided for your booth. This can cause serious injury or damage to materials.
- Freeman does not ship or handle Hazardous Materials. If any materials you are shipping to the event fall into this category, please contact Freeman to be sure that the material will be allowed at the facility and by the association. In addition, if authorized by the facility and the association, you will need to make separate arrangements for the transport and handling of the approved materials, since Freeman will not transport or handle them.
- The operation or use of all motorized lifts and motorized material handling equipment for installation/dismantle of exhibits is NOT permitted by exhibitors or by their exhibitor appointed contractors (EAC's). Thank you for your cooperation.

GREEN & GROWING

The Freeman Sustainability Initiative

Every Day, Freeman's Getting Greener

Sustainability is everyone's responsibility. That's why we engage our employees, clients, suppliers and our communities to protect our environment and conserve resources. Below is just a sampling of how our innovative thinking applies to conservation within Freeman.

Industry Leadership

For several years, Freeman has been a dedicated and proud Platinum partner of the Green Meeting Industry Council (GMIC), an association that establishes and shares sustainability best practices for our industry. Currently, Jeff Chase, our Vice President of Sustainability, sits on the global board for GMIC.

Freeman is also an active member of the Convention Industry Council (CIC). This forum exchanges knowledge on global trends, spreads excellence in best practices and guidelines, and collaborates on various industry issues. As a part of this forum, our staff helped in the review and editing of the APEX/ASTM event industry green standards for general service contractors and exhibits. There are nine standards, and each standard has eight areas that are tracked and measured. Freeman is actively working to help clients meet the standards.

Green Client Advisory Council

To better serve all our clients, we asked a group of environmentally focused event professionals to help us to identify and build the best practices for our industry. This annual focus group helps us to set goals and identify future trends that will improve Freeman services. With this valuable input, Freeman tailors our products and services to support the environmental needs of all industry events.

Eco-Friendly Products and Services

Since our beginnings, we've always looked for a better solution. So we are pleased to offer our clients environmentally responsible material alternatives that also meet their needs.

Award-Winning Initiatives

Sustainability Efforts, Large Exhibit

Category — Freeman was awarded the Zero Waste Challenge Award by the Exhibit Designers + Producers Association for our efforts in examining the life cycle of materials and making recycled content and recyclability key criteria for the materials used in our custom rental systems. (2014)

Most Innovative Green Initiative by a Service Provider

— *Trade Show Executive* magazine selected Freeman for this award in recognition of our dedication to a wide-ranging program to lessen the environmental impact of trade shows and events; for diverting 95 percent of all waste from its [Las Vegas] branch away from landfills; and for experimenting with plastics for exhibit shelving made from cigarette butts. (2013)

Carpet Recycling Efforts — Freeman was awarded *Trade Show Executive* magazine's Innovation Award for the significant impact in waste reduction at events that resulted from our carpet recycling efforts. (2008)

Recycled Carpet and Padding

Freeman offers aisle carpet that contains 25% recycled materials and is used at least four times. Once our carpet does not meet the Freeman quality standard, we divert the carpet from the landfill by utilizing one of four methods: selling it to construction contractors to install it in commercial buildings, selling it to pet products manufacturers to cover scratch poles, selling it to recyclers that melt it down and make it into drainage pipe or other products, and open selling to individuals weekly at the main distribution warehouse.

Our carpet padding is made from 100% recycled foam material and is reused until it no longer meets the Freeman quality standard. In some markets we are testing soy-based padding, which is made from a renewable source and is recyclable.

Graphics Production

Freeman is setting new standards for graphic production in our industry. We offer a new eco-friendly 100% recyclable substrate material called Freeman Honeycomb and have implemented a three-year program to reduce the use of foamcore and Gatorfoam®.

We have invested in 11 flatbed "direct-print" printers that help reduce the volume of substrates sent to the landfill.

Rental Exhibits

We offer recyclable and reusable rental exhibits. The panels are 100% recyclable, while the metal is reusable and 100% recyclable. The carpet contains 25% recycled material and is reused. We also use LED lighting.

Paperless Order Entry

Freeman has significantly reduced paper consumption by implementing a digital entry system for exhibitor orders. We estimate a savings of more than a million sheets of paper each year.

Transportation

For more than six years, Freeman's exhibit transportation service has been recognized as a certified member of the EPA's SmartWay® Transport Partner program. This recognizes partners for setting and achieving greenhouse gas (GHG) reduction goals in freight transportation.

Vehicle Emissions

When the facilities allow it, Freeman uses LP natural gas (propane) fuel for forklifts and other on-site vehicles, which improves the air quality. We have a "no idling" program for our trucks in place at every show.

Green Event Plan

We have established a Green Event Plan that is scalable for most events of any size and any industry. The plan includes information on the Freeman Environmental Responsibility Policy, the online exhibitor service kit, green leader and on-site coordination with labor, show site materials and equipment, and donation programs.

Environmental Performance Report

At our clients' request, we provide a post-event report that tracks the environmental footprint for Freeman services provided. The report targets freight trucks and fuel usage, graphic production, carpet use and waste, one-time use of expendable materials, and Freeman staff air miles.

PAYMENT & LABOR

YOU ARE ENTERING A CONTRACT WHICH LIMITS YOUR POSSIBLE RECOVERY IN CASE OF LOSS OR DAMAGE.

The terms and conditions set forth below become a part of the Contract between FREEMAN and you, the EXHIBITOR. Acceptance of said terms and conditions will be construed when any of the following conditions are met:

- THE METHOD OF PAYMENT FORM IS SIGNED; OR
- AN ORDER FOR LABOR, SERVICES AND/OR RENTAL EQUIPMENT IS PLACED BY EXHIBITOR WITH FREEMAN; OR
- WORK IS PERFORMED ON BEHALF OF EXHIBITOR BY LABOR SECURED THROUGH FREEMAN.

DEFINITIONS

For purposes of this Contract, "FREEMAN" or "The Freeman Companies" means Freeman Expositions, Inc., Freeman Expositions, Ltd., Freeman Audio Visual, Inc., Exhibit Surveys, Inc., Freeman Exhibit, Freeman Transportation, FreemanXP, Inc., Stage Rigging, Inc., The Freeman Company, Freeman Electrical, Inc., Freeman Digital Ventures, Inc., and their respective employees, directors, officers, agents, assigns, affiliated companies, and related entities including, but not limited to, any subcontractors FREEMAN may appoint. The term "EXHIBITOR" means the Exhibitor, its employees, agents, representatives, and any Exhibitor Appointed Contractors ("EAC").

PAYMENT TERMS

Full payment, including any applicable tax, is due in advance or at show site. All payments must be in U.S. secure funds and all checks must be drawn on a U.S. bank. Orders received without advance payment or after the deadline date will incur additional charges as indicated on each order form. Payment for Audio Visual services and equipment is due in advance of move-in, unless otherwise agreed in writing with Freeman. All materials and equipment are on a rental basis for the duration of the show or event and remain the property of FREEMAN except where specifically identified as a sale. All rentals (excluding Audio Visual equipment and computers) include delivery, installation, and removal from EXHIBITOR'S booth. Rental prices on Audio Visual equipment and computers do not include labor, delivery, electrical services or removal of the equipment from the booth. In case of cancellation of any orders or services by EXHIBITOR, a one-hour "per person, per hour" charge will be applied for all labor orders that are not canceled in writing at least 24 hours prior to the scheduled start time. If Prestige Carpet, Custom-Cut Carpet, Modular Rental Exhibits and any other custom-order items or services have already been provided at the time of cancellation, fees will remain at 100% of the original charge. Audio Visual orders cancelled within 7 days from the show opening date will be charged a one-day rental rate on equipment. On-site cancellation of Audio Visual services will result in a one-day rental charge of equipment and any applicable labor. If the Show or Event is canceled because of reasons beyond FREEMAN'S control, EXHIBITOR remains responsible for all charges for services and equipment provided up to and including the date of cancellation. FREEMAN will not issue refunds to EXHIBITOR of any payments made before the date of cancellation. It is EXHIBITOR'S responsibility to advise the FREEMAN Service Center Representative of problems with any orders, and to check the EXHIBITOR'S invoice for accuracy prior to the close of the Show or Event. If EXHIBITOR is exempt from payment of sales tax, FREEMAN requires an exemption certificate for the State in which the services are to be used. Resale certificates are not valid unless EXHIBITOR is rebilling these charges to its customers. For International EXHIBITORS, FREEMAN requires 100% prepayment of advance orders, and any order or services placed at show site must be paid at the show. For all others, should there be any pre-approved unpaid balance after the close of the show; terms will be net, due and payable in DALLAS, TEXAS upon receipt of invoice. Effective 30 days after invoice date, any unpaid balance will bear a FINANCE CHARGE at the lesser of the maximum rate allowed by applicable law, or 1.5% per month, which is an ANNUAL PERCENTAGE RATE of 18%, and future orders will be on a prepaid basis only. If any finance charge hereunder exceeds the maximum rate allowed by applicable law, the finance charge shall automatically be reduced to the maximum rate allowed, and any excess finance charge received by FREEMAN shall be either applied to reduce the principal unpaid balance or refunded to the payer. If past due invoices or invoice balances are placed with a collection agency or attorney for collection or suit, EXHIBITOR agrees to pay all legal and collection costs. THESE PAYMENT TERMS AND CONDITIONS SHALL BE GOVERNED BY AND CONSTRUED IN ACCORDANCE WITH THE LAWS OF THE STATE OF TEXAS. In the event of any dispute between the EXHIBITOR and FREEMAN relative to any loss, damage, or claim, such EXHIBITOR shall not be entitled to and shall not withhold payment, or any partial payment, due to FREEMAN for its services, as an offset against the amount of any alleged loss or damage. Any claims against FREEMAN shall be considered a separate transaction, and shall be resolved on its own merits. FREEMAN reserves the right to charge EXHIBITOR for the difference between the EXHIBITOR'S estimate of charges and the actual charges incurred by EXHIBITOR, or for any charges that FREEMAN may be obligated to pay on behalf of EXHIBITOR, including without limitation, any shipping charges. If EXHIBITOR provides a credit card for payment and charges are rejected by the EXHIBITOR'S credit card company for any reason, FREEMAN hereby provides notice that it reserves the right, and EXHIBITOR authorizes FREEMAN, to continue to attempt to secure payment through that credit card for as long as unpaid balances remain on the EXHIBITOR'S account. In the event that a THIRD PARTY orders on behalf of the EXHIBITOR and the named THIRD PARTY does not discharge payment of the invoice prior to the last day of the show, charges will revert back to the EXHIBITOR. All invoices are due and payable upon receipt, by either party.

ELECTRICAL

If FREEMAN provides electrical services, claims will not be considered, or adjustments made unless filed in writing, by EXHIBITOR, prior to the close of the event. FREEMAN is not responsible for any damage or loss caused by the loss of power beyond its control and EXHIBITOR agrees to hold FREEMAN, its officers, directors, employees and agents harmless from such power loss. IN NO EVENT SHALL FREEMAN BE LIABLE FOR ANY INDIRECT OR CONSEQUENTIAL DAMAGES (INCLUDING WITHOUT LIMITATION LOST PROFITS) EVEN IF ADVISED OF THE POSSIBILITY OF SUCH DAMAGES, WHETHER UNDER THEORY OF CONTRACT, TORT (INCLUDING NEGLIGENCE), PRODUCTS LIABILITY OR OTHERWISE. EXHIBITOR shall indemnify and hold harmless FREEMAN, its officers, directors, employees, and agents from and against any and all claims, liabilities, damages, fines, penalties or costs of whatsoever nature (including reasonable attorneys' fees) arising out of or in any way connected with EXHIBITOR'S actions or omissions under this Agreement. Please note that electrical services are NOT automatically included in Audio Visual rentals and must be ordered separately from the designated electrical provider.

LABOR UNDER THE SUPERVISION OF EXHIBITOR RESPONSIBILITIES

EXHIBITOR shall be responsible for the performance of labor provided under this option. It is the responsibility of EXHIBITOR to supervise labor secured through FREEMAN in a reasonable manner as to prevent bodily injury and/or property damage and also to direct them to work in a manner that is in compliance with FREEMAN'S Safe Work Rules and/or Federal, State, County and Local ordinances, rules and/or regulations, including but not limited to Show or Facility Management rules and/or regulations. If any labor secured through Freeman is conducting overhead work, the Exhibitor is responsible for ensuring that everyone in the area of overhead work is wearing a hard hat. If the Exhibitor does not have its own hard hats, Freeman can assist with obtaining them. It is the responsibility of EXHIBITOR to check in with the Service Desk to pick up labor, and to return to the Service Desk to release labor when the work is completed.

INDEMNIFICATION

EXHIBITOR agrees to indemnify, hold harmless, and defend FREEMAN from and against any and all demands, claims, causes of action, fines, penalties, damages, liabilities, judgments, and expenses (including but not limited to reasonable attorneys' fees and investigation costs) for bodily injury, including any injury to FREEMAN employees, and/or property damage arising out of work performed by labor provided by FREEMAN but supervised by EXHIBITOR. Further, the EXHIBITOR'S indemnification of FREEMAN includes any and all violations of Federal, State, County or Local ordinances, "Show Regulations and/or Rules" as published and/or set forth by Facility or Show Management, and/or directing labor provided by FREEMAN to work in a manner that violates any of the above rules, regulations, and/or ordinances.

IMPORTANT

PLEASE REFER TO FREEMAN'S "MATERIAL HANDLING TERMS & CONDITIONS" AS IT RELATES TO MATERIAL HANDLING SERVICES AND TO THE "SERVICE REQUEST & SHIPPING INSTRUCTIONS CONTRACT" AS IT RELATES TO TRANSPORTATION SERVICES. CONTRACT TERMS DEPEND ON THE NATURE OF SERVICES SECURED BY EXHIBITOR THROUGH FREEMAN. TERMS & CONDITIONS MAY VARY FOR EACH TYPE OF SERVICE ORDERED THROUGH FREEMAN.

Acceptance of said terms and conditions will be construed when any of the following conditions are met: This Material Handling Agreement (MHA) is signed; Exhibitor's materials are delivered to Freeman's warehouse or to an event site for which Freeman is the Official Show Contractor; or an order for labor and/or rental equipment is placed by Exhibitor with Freeman. All MHA's submitted to Freeman by Exhibitor will be checked at the time of pickup from the booth and corrections will be made where discrepancies exist between the quantities of items on any form submitted to Freeman and the actual count of such items in the booth at the time of pickup. All claims reported after thirty (30) days will be rejected. In no event shall a suit or action be brought against Freeman **more than one (1) year** after the date of loss or damage occurred.

a. PAYMENT FOR SERVICES MAY NOT BE WITHHELD. In the event of any dispute between the Exhibitor and Freeman relative to any loss, damage, or claim, Exhibitor shall not be entitled to and shall not withhold payment due Freeman for its services as an offset against the amount of any alleged loss or damage. AIR CARGO

AIR CARGO SERVICE REQUEST AND SHIPPING INSTRUCTIONS CONTRACT

In tendering this shipment, the Shipper and Consignee agree to these TERMS which no agent or employee of the parties may alter. This Air Service Request and Shipping Instruction Contract is NON-NEGOTIABLE and has been prepared by Shipper, or if by Freeman or another on Shipper's behalf, it shall be deemed, conclusively, to have been prepared by the Shipper. The Shipper agrees that this shipment is subject to the TERMS stated herein All TERMS, including but not limited to, all the limitations of liability, shall apply to our agents and their contracting carriers.

1. DEFINITIONS: In this Contract, "Freeman" means Freeman Decorating Services, Inc., and its respective employees, officers, directors, agents, assigns, affiliated companies, and related entities including any contractors appointed by Freeman. The term "Shipper" means the person or business for whom the property is being transported, and includes their respective employees, officers, directors, agents, assigns, affiliated companies, and contractors appointed by the Shipper, excluding only Freeman. "Property" is all objects of any type received from the Shipper for transport by Freeman as described herein. "Consignee" is the party to whom Shipper has designated the goods are to be delivered.

2. FINAL CONTRACT BETWEEN THE PARTIES: In exchange for Shipper's payments and Freeman's services, which the parties have specified in this two-page Contract (including the Air Cargo Service Request and Shipping Instructions), Freeman and Shipper each agree that this Contract shall govern their respective rights and obligations regarding transportation of Shipper's property. This Contract shall take effect when the property first comes into the physical possession of Freeman, and the responsibility of Freeman under same shall end when the property has been placed in the possession of the Consignee or the Consignee's designated agent. If any part or provision of this Contract is found by a court of competent jurisdiction to be void or unenforceable, the remainder of the Contract shall continue in full force and effect.

3. Freeman's RESPONSIBILITIES UNDER THE CONTRACT ARE LIMITED: Freeman is responsible for the satisfactory performance of only those services which it directly provides under this Contract. Freeman shall not be responsible for the performance of individuals of firms who are not under the direct supervision or control of Freeman. Freeman shall not be responsible for events or causes of loss, delay, or damage beyond its reasonable control, including (by way of illustration only, and not as a limitation on the breadth of this clause), strike, lockout, work slowdown or stoppage, power failure, breakdown of plant or machinery, facility failure, vandalism, theft, Act of God, effect of natural elements, riot, civil commotion or disturbance, terrorism, act of war or belligerent parties, and any other cause or causes beyond the reasonable control of Freeman. EXCEPT FOR ELIGIBLE GUARANTEED SERVICE SHIPMENTS, Freeman DOES NOT GUARANTEE DELIVERY BY ANY SPECIFIC TIME OR DATE.

4. PACKAGING AND CRATES: Shipper's property must be well packaged for safe and secure handling, storage and shipment using ordinary care. Each piece must be legibly and durably marked with the name and address, including correct ZIP code of the Shipper and Consignee. When a container is used repeatedly by Shipper, Shipper must remove all old labels, tags, markings, etc., and Shipper must ensure that the container retains adequate strength for transportation. Freeman makes neither representation nor any warranty regarding the acceptability or suitability of any packaging system or procedure that Shipper might use for its property. Freeman shall not be responsible for damage to loose or uncrated materials, padded or shrink-wrapped materials, glass breakage, concealed damage, carpets in bags or poly, or improperly packed or labeled materials. Crates and packaging should be of a design to adequately protect contents for handling by forklift and similar means. General guidance as to acceptable packaging systems and procedures may be found in publications such as the National Motor Freight Classification, published by the National Motor Freight Traffic Association. For shipments of Perishable Commodities, U.S. and Canadian shipments must be packed to travel without spoilage for 72 hours from time of pickup; all International shipments must be packed to travel without spoilage for 24 hours beyond an agreed deadline. Freeman reserves the right to periodically embargo regions of the world due to conditions that may cause damage to perishable commodities. If the integrity of a shipment is in question, Freeman reserves the right to improve packaging at shipper's expense.

5. REFUSED SHIPMENTS: If the Consignee refuses a shipment tendered for delivery or if Freeman is unable to deliver a shipment because of fault or mistake of the Consignor or Consignee, Freeman's liability shall then become that of a warehouseman.

- Freeman shall promptly attempt to provide notice, by telephonic, electronic or written communication as provided on the face of these shipping instructions, if so indicated, to Shipper or the party, if any, designated to receive notice in these instructions.
- Storage charges, based on Freeman's applicable rates, shall start no sooner than the next business day following the attempted notification. Storage may be, at Freeman's option, in any location that provides reasonable protection against loss or damage. Freeman may place the shipment in public storage at the owner's expense and without liability to Freeman.
- If Freeman does not receive disposition instructions within 48 hours of the time of Freeman's attempted first notification, Freeman will attempt to issue a second and final confirmed notification. Such notice shall advise that if Freeman does not receive disposition instructions within 10 days of that notification, Freeman may offer the shipment for sale at a public auction and Freeman has the right to offer the shipment for sale. The amount of sale will be applied to Freeman's invoice for transportation, storage and other lawful charges. Shipper will be responsible for the balance of charges not covered by the sale of the goods. If there is a balance remaining after all charges and expenses are paid, such balance will be paid to the owner of the property sold hereunder, upon claim and proof of ownership.
- Where Freeman has attempted to follow the procedure set forth above and the procedure is not possible, nothing shall be construed to abridge the right of Freeman, at its option, to sell the property under such circumstances and in such manner as may be authorized by law.
- When perishable goods cannot be delivered and disposition is not given within a reasonable time, Freeman may dispose of property to the best advantage. Where Freeman is directed by Consignee or Consignor to unload or deliver property at a particular location where Consignor, Consignee, or the Agent of either is not regularly located, Freeman's liability for the shipment shall terminate after unloading or delivery.

6. LIMITATION ON SHIPPER'S RECOVERABLE DAMAGES: FREEMAN'S LIABILITY FOR DAMAGES ON DOMESTIC SHIPMENTS, INCLUDING BUT NOT LIMITED TO THOSE DAMAGES ARISING FROM OR RELATED TO MISDELIVERY, INCOMPLETE OR OTHERWISE INADEQUATE DELIVERY (INCLUDING BUT NOT LIMITED TO FAILURE TO FOLLOW SHIPPER OR CONSIGNEE INSTRUCTIONS OR FAILURE TO COLLECT OR PROPERLY DELIVER A PAYMENT INSTRUMENT), NONDELIVERY, MISSED PICKUP, AND LOSS OF OR DAMAGE TO CARGO, SHALL BE LIMITED TO THE HIGHER OF \$50.00 (USD) PER SHIPMENT OR \$.50 (USD) PER POUND (\$1.10 (USD) PER KILOGRAM) OF CARGO ADVERSELY AFFECTED THEREBY, PLUS TRANSPORTATION CHARGES APPLICABLE TO THAT PART OF THE SHIPMENT ADVERSELY AFFECTED THEREBY, UNLESS AT TIME OF SHIPMENT THE SHIPPER MAKES A DECLARATION OF VALUE FOR CARRIAGE IN THE SPACE DESIGNATED ON THE SERVICE REQUEST AND SHIPPING INSTRUCTIONS FORM AND PAYS THE APPROPRIATE VALUATION CHARGE. IN NO EVENT SHALL FREEMAN'S LIABILITY EXCEED THE DECLARED VALUE OF THE SHIPMENT OR THE AMOUNT OF LOSS OR DAMAGE ACTUALLY SUSTAINED, WHICHEVER IS LOWER. IF CARRIAGE OF THE SHIPMENT IS SOLELY OR PARTLY BY AIR AND INVOLVES AN ULTIMATE DESTINATION OR A STOP IN A COUNTRY OTHER THAN THE COUNTRY OF DEPARTURE, Freeman's LIABILITY FOR CARGO LOST, DAMAGED OR DELAYED SHALL BE LIMITED TO \$9.07 PER POUND (\$20.00 PER KILOGRAM) FOR CARRIAGE SUBJECT TO THE UNAMENDED WARSAW CONVENTION OR THE WARSAW CONVENTION AS AMENDED BY THE HAGUE PROTOCOL OF 1955, 17 SPECIAL DRAWING RIGHTS PER KILOGRAM FOR CARRIAGE SUBJECT TO THE WARSAW CONVENTION AS AMENDED BY THE MONTREAL PROTOCOL NO. 4 OF 1975, OR \$9.07 PER POUND (\$20.00 PER KILOGRAM) FOR CARRIAGE WHERE THE WARSAW CONVENTION, INCLUDING ITS AMENDMENTS, DOES NOT APPLY FOR ANY REASON, UNLESS A HIGHER DECLARED VALUE IS REQUESTED, AND THE FEES SET FORTH IN THE SERVICE GUIDE FOR SUCH HIGHER DECLARED VALUE ARE PAID. FOR INTERNATIONAL SHIPMENTS, THIS SHIPPING REQUEST AND SHIPPING INSTRUCTION CONTRACT SHALL BE DEEMED AN AIR WAYBILL WITHIN THE MEANING OF THE WARSAW CONVENTION.

Notwithstanding the above limitations, domestic shipments containing the following items of extraordinary value are limited to a maximum declared value of \$500.00 (USD):

- artworks and objects of art, including without limitation original paintings, drawings, etchings, water colors, tapestries and sculpture;
 - clocks, watches, jewelry (including costume jewelry), furs and fur-trimmed clothing;
 - personal effects;
 - and other inherently fragile or unique items, including prototypes, etc.
- Any declared value in excess of the maximums allowed herein is null and void, and the acceptance by Freeman for carriage of any shipment with a declared value in excess of the allowed maximums does not constitute a waiver of these maximums. Shipper understands that even if Shipper is not able to participate or fully participate in a show due to loss of, theft of, or damage to its property, Freeman shall never be liable or responsible for damages identified by the terms (by way of example only and not in limitation of the breadth of this clause) such as the following: consequential damages, loss of use damages, loss of profits damages, business interruption damages, delay damages, special damages, collateral damages, exemplary damages, damages awarded for gross negligence, direct damages, indirect damages, damages for failure of performance, breach of contract damages, fraud damages, or any other sort of damage for tort or breach of contract. This limitation shall bind the parties:
- whenever or wherever the claimed loss or damage may occur;
 - even though the alleged loss or damage is claimed to result from negligence, strict liability, products liability, breach of contract, breach of statute or regulation, or any other legal theory or cause, and;
 - even though Freeman may have been advised or be on notice of the possibility or even the probability of such damages. Freeman makes no warranties, express or implied, and expressly disclaims any and all warranties. Except for Freeman's failure to deliver in accordance with the Guaranteed Service section of the Service Guide, Freeman will not be liable for misdelivery, incomplete or otherwise inadequate delivery (including but not limited to failure to follow Shipper or Consignee instructions or failure to collect or properly deliver a payment instrument), non-delivery, missed pickup, delay on International shipments, loss or damage unless caused by Freeman's sole negligence.

7. SHIPPER'S RESPONSIBILITIES AND INDEMNIFICATION:

- Shipper must pay in full for the services rendered under this Contract at the time the services are requested. The existence of a dispute between Shipper and Freeman relative to any claim or other matter shall have no bearing on this duty of payment. No claim submitted by or on behalf of Shipper will be processed unless Shipper's account is current.
- Shipper understands and acknowledges that Freeman does not accept or transport illegal, dangerous or hazardous materials of any kind or nature. Shipper warrants and ensures that its property is inert, and contains no Hazardous Substances, Hazardous Materials, Chemicals, Gases, Explosives, Radioactive Materials, Biologically hazardous agents, or any other substance, matter or object in any form that could pose a threat to the health or safety of persons, property or the public welfare in general. Such goods may be warehoused at owner's risk and expense or destroyed without compensation.
- Shipper shall defend and indemnify Freeman, its employees, directors, officers, and agents from and against any and all demands, claims, causes of action, fines, penalties, damages (including consequential), liabilities, judgments, and expenses (including but not limited to reasonable attorneys' fees and investigation costs) on account of personal injury, death, or damage to or loss of property or profits arising out of or contributed to by any of the following: Shipper's negligence, willful misconduct, or deliberate act; Shipper's violation of Federal, State, County or Local ordinances; Shipper's violation of Show Regulations and/or Rules as published and set forth by Facility and/or Show Management; and/or Shipper's failure to comply with (b) of this Agreement regarding the inclusion of any dangerous substances in the property placed with Freeman.

8. CLAIMS: Shipper, Consignee, or any other party claiming an interest in the shipment must notify Freeman immediately upon delivery, or in the case of loss or damage which could not have been noted at the time of delivery, within five (5) business days of delivery, of any loss or damage to the shipment. Notice of concealed damage must be confirmed in writing or via email at exhibit.transportation@freeman.com within 5 business days of receipt of the property. If Carrier schedules an inspection, claimant must hold the shipping container, all packaging material and contents in the same condition as they were in when damage was discovered. Receipt of the shipment by the Consignee or the Consignee's agent without written notice on the delivery receipt and/or delivery manifest will be prima facie evidence that the shipment was delivered in good condition. The amount of the claim may not be deducted from the transportation charges. Notice of loss or damage MUST be reported to Freeman at 800-995-3579. The shipment, its container(s), and packing material must be made available to Freeman for inspection at the delivery location. All shipments are subject to opening for inspection by Freeman; however, Freeman is not obligated to perform such inspection. All claims for loss or damage MUST be made in writing to Freeman within one hundred and twenty (120) calendar days after the date of acceptance of the shipment by Freeman. Please refer to the Service Guide for claim procedures. All claims for service failure must be made within thirty (30) calendar days from the date of shipment and Freeman's sole liability for such claims arising from Guaranteed Service shipments shall be limited to the transportation charges as provided in the Guaranteed Service section of the Service Guide. All claims for overcharge must be made in writing to Freeman within sixty (60) calendar days after the invoice date. No claim for loss or damage may be maintained against Freeman unless (a) claimant complies with all requirements of this section and (b) for domestic shipments, if the claimant commences the action within one (1) year of the shipment by Freeman unless otherwise required by International, Federal or State Law. If the claim is for loss or damage involving International shipments, claimant must commence the action within two (2) years from the date of acceptance of the shipment by Freeman unless otherwise required by International, Federal or State Law. For purposes of this section, no action shall be deemed to have commenced until receipt by Freeman of service of process of the action on Freeman. Claims for loss or damage must be delivered to the following address: Sedgwick, PO Box 14151, Lexington, KY 40512-4151.

For shipping containers designed for repeated use (tradeshow cases, totes, crates), Freeman shall have no liability for superficial damage to said containers in the form of scuffs, scratches, dents or dings. Freeman will only accept liability for "catastrophic" damage to these shipping containers (crushing, puncture, or complete destruction). Freeman's maximum liability in cases of "catastrophic" damage or total loss will be limited to a depreciated value of the container based on the time elapsed from the original purchase and the purchase price established on the provided original invoice. This maximum liability will be subject to all other applicable limits of liability such as repair costs.

9. CHOICE OF FORUM: THIS CONTRACT SHALL BE CONSTRUED UNDER THE LAWS OF THE UNITED STATES (INCLUDING ADOPTED INTERNATIONAL CONVENTIONS) AND THE STATE OF TEXAS WITHOUT GIVING EFFECT TO THE STATE'S CONFLICT OF LAWS RULES. FREEMAN AND SHIPPER AGREE THAT ANY CLAIM OR DISPUTE OF ANY SORT ARISING OUT OF OR IN ANY WAY RELATED TO THIS CONTRACT, ITS PERFORMANCE OR NONPERFORMANCE, OR DAMAGES ALLEGEDLY RESULTING FROM SAME WILL BE ARBITRATED IN THE CITY OF DALLAS, TEXAS, AND THE RULES OF THE AMERICAN ARBITRATION ASSOCIATION WILL APPLY. IF BINDING ARBITRATION IS UNAVAILABLE TO RESOLVE ANY CONTROVERSY AND IT IS NECESSARY TO LITIGATE THE DISPUTE, THE DISPUTE SHALL BE LITIGATED IN A COURT OF COMPETENT JURISDICTION IN DALLAS COUNTY, TEXAS.

10. MISCELLANEOUS: Shipper warrants the accuracy of the weight and dimension data furnished in this Contract. Shipper understands that once its property is shipped by Freeman pursuant to the instructions contained in this Contract, Shipper has no right to control the shipment; stop the shipment in transit, or divert or reschedule same, and that Shipper will have no control over the property until it is delivered pursuant to the instructions in this Contract. Shipper agrees that this Contract may be provided to any third party, including common or contract carriers of cargo by air, water, rail, or road, for the purpose of confirming the right of Freeman to control the handling of the property and all matters related to payment for the shipment.

MOTOR CARGO

MOTOR CARGO SERVICE REQUEST AND SHIPPING INSTRUCTIONS CONTRACT

This Contract establishes your legal obligations with regard to the property described herein being shipped with Freeman Transportation. It specifically limits your rights and possible recovery if your property is lost or damaged. You must accept all terms and conditions of this Contract. You confirm that you have read and agree with all the terms and conditions of this Contract by receipt without contest. This Contract may not be waived or varied, except in writing, and then only by an authorized representative of Freeman.

1. DEFINITIONS. In this Contract, "Freeman" means Freeman Expositions, Inc., and its respective employees, officers, directors, agents, assigns, affiliated companies, and related entities including any contractors appointed by Freeman. The term "Shipper" means the person or business for whom the property is being transported, and includes their respective employees, officers, directors, agents, assigns, affiliated companies, and contractors appointed by the Shipper, excluding only Freeman. "Property" is all objects of any type received from the Shipper for transport by Freeman as described herein. "Consignee" is the party to whom Shipper has designated the goods are to be delivered.

2. FINAL CONTRACT BETWEEN THE PARTIES. In exchange for Shipper's payments and Freeman's services, which the parties have specified in this Contract, Freeman and Shipper each agree that this Contract shall govern their respective rights and obligations regarding transportation of Shipper's property. This Contract shall take effect when the property first comes into the physical possession of Freeman for inbound shipments and after loading on the applicable carrier for outbound shipments, and the responsibility of Freeman under same shall end when the property has been placed in the possession of the Consignee or the Consignee's designated agent. If any part or provision of this Contract is found by a court of competent jurisdiction to be void or unenforceable, the remainder of the Contract shall continue in full force and effect.

3. FREEMAN'S RESPONSIBILITIES UNDER THE CONTRACT ARE LIMITED. Freeman shall not be responsible for the performance of individuals or firms who are not under the direct supervision or control of Freeman. Freeman shall not be responsible for events or causes of loss, delay, or damage beyond its reasonable control, including (by way of illustration only, and not as a limitation on the breadth of this clause), strike, lockout, work slowdown or stoppage, power failure, breakdown of plant or machinery, facility failure, vandalism, theft, Act of God, effect of natural elements, riot, civil commotion or disturbance, terrorism, act of war or belligerent parties, and any other cause or causes beyond the reasonable control of Freeman. Freeman shall not be liable for delay caused by highway obstructions, or faulty or impassable highways, or lack of capacity of any highway, bridge, or ferry, or caused by breakdown or mechanical defects of vehicles or equipment, or from any cause other than the negligence of Freeman. Freeman shall not be bound to transport by any particular schedule, means, vehicle or otherwise, other than with reasonable dispatch.

4. PACKAGING AND CRATES. Shipper's property must be well packaged for safe and secure handling, storage and shipment using ordinary care. Freeman makes neither representation nor any warranty regarding the acceptability or suitability of any packaging system or procedure that Shipper might use for its property. Freeman shall not be responsible for damage to loose or uncrated materials, padwrapped or shrink-wrapped materials, glass breakage, concealed damage, carpets in bags or poly, or improperly packed or labeled materials. Crates and packaging should be of a design to adequately protect contents for handling by forklift and similar means. General guidance as to acceptable packaging systems and procedures may be found in publications such as the National Motor Freight Classification, published by the National Motor Freight Traffic Association. If the integrity of a shipment is in question, Freeman reserves the right to improve packaging at shipper's expense.

5. PERISHABLE GOODS. Goods of a perishable nature are carried in dry trailers without environmental or atmospheric control or other special services unless Shipper states on the face of the "Service Request and Shipping Instructions" that the goods are to be carried in a refrigerated, heated, specially ventilated or otherwise specially equipped trailer. This carriage may be subject to additional charges. Shipper is responsible for bringing the goods to the proper temperature before loading the goods into the trailer, for the proper stowage of the goods within the trailer, and for setting the temperature (including maintenance and repair), during all times after the trailer is spotted by Freeman and before the trailer is received by Freeman. Freeman is not responsible for product deterioration caused by inherent vice, defects in the merchandise or transit times in excess of product shelf life. Refrigerated, heated, specially ventilated or otherwise specially equipped trailers are not equipped to change the temperature of goods (they are equipped only to maintain temperature). Shipper will give written notice of requested temperature setting of the thermostatic controls before receipt of the goods by Freeman. When a loaded trailer is received, Freeman will verify that the thermostatic controls are set to maintain trailer temperature as requested. Freeman is unable to determine whether the goods were at the proper temperature when they were loaded into the trailer or when the trailer is delivered to Freeman. Air temperature at the unit sensor will be maintained within a proper range of plus or minus 5 degrees Fahrenheit of the temperature requested by Shipper on the face of the "Service Request and Shipping Instructions" if the goods were at that temperature when loaded into the container and if the temperature controls were properly set when the container was loaded.

6. REFUSED SHIPMENTS. If the Consignee refuses a shipment tendered for delivery or if Freeman is unable to deliver a shipment because of fault or mistake of Freeman, Freeman's liability shall then become that of a warehouseman.

(a) Freeman shall promptly attempt to provide notice, by telephonic, electronic or written communication as provided on the face of these shipping instructions, if so indicated, to Shipper or the party, if any, designated in these instructions to receive notice.

(b) Storage charges, if applicable, shall start no sooner than the next business day following the attempted notification. Storage may be, at Freeman's option, in any location that provides reasonable protection against loss or damage. Freeman may place the shipment in public storage at the owner's expense and without liability to Freeman.

(c) If Freeman does not receive disposition instructions within 48 hours of the time of Freeman's attempted first notification, Freeman will attempt to issue a second and final confirmed notification. Such notice shall advise that if Freeman does not receive disposition instructions within 10 days of that notification, Freeman may offer the shipment for sale at a public auction and Freeman has the right to offer the shipment for sale. The amount of sale will be applied to Freeman's invoice for transportation, storage and other lawful charges. Shipper will be responsible for the balance of charges not covered by the sale of the goods. If there is a balance remaining after all charges and expenses are paid, such balance will be paid to the owner of the property sold hereunder, upon claim and proof of ownership.

(d) Where Freeman has attempted to follow the procedure set forth above and the procedure is not possible, nothing shall be construed to abridge the right of Freeman, at its option, to sell the property under such circumstances and in such manner as may be authorized by law.

(e) When perishable goods cannot be delivered and disposition is not given within a reasonable time, Freeman may dispose of property to the best advantage. When Freeman is directed by Consignee or Consignor to unload or deliver property at a particular location where Consignor, Consignee, or the Agent of either is not regularly located, Freeman's liability for the shipment shall terminate after unloading or delivery.

7. INSURANCE. Freeman IS NOT AN INSURER. Shipper is responsible for obtaining insurance for its property. Freeman provides no insurance for Shipper or its property.

8. LIMITATION ON SHIPPER'S RECOVERABLE DAMAGES. Shipper understands that even if shipper's property is lost, stolen, or damaged, Freeman does not pay replacement or restoration cost of any property. **FREEMAN'S MAXIMUM LIABILITY SHALL BE THE AMOUNT OF PROVEN ACTUAL VALUE NOT EXCEEDING THE LOWER OF FAIR MARKET VALUE.**

(THE "FAIR MARKET VALUE" EQUALS THE AS IS WHERE IS PRICE FOR THE PROPERTY AT THE LOCATION OF THE SHOW TO WHICH PRICE A WILLING BUYER AND A WILLING SELLER WOULD AGREE IN AN ORDINARY COURSE OF BUSINESS, ARM'S LENGTH SALE.) OR \$5.00 (USD) PER POUND OF CARGO LOST OR DAMAGED UNLESS AT THE TIME OF SHIPMENT SHIPPER MAKES A DECLARATION OF VALUE FOR CARRIAGE IN THE SPACE DESIGNATED ON THE SHIPPING INSTRUCTIONS AND PAYS THE APPROPRIATE VALUATION CHARGE. Even if Shipper has made a declaration of value, liability shall never exceed the depreciated original invoice value or the fair market value of the property, whichever is less. The value per pound for applying declared valuation charges shall be determined by dividing Shipper's declared value for carriage by the actual weight of the shipment. In all cases not prohibited by law, where a lower value than the actual value of the said property has been stated in writing by Shipper or has been agreed upon in writing as the released value of the property upon which the rate is based, such lower value plus freight charges, if paid, shall be the maximum recoverable amount for loss or damage. **Notwithstanding the above limitations, all shipments containing the following items of extraordinary value are limited to a maximum declared value of \$500.00 (USD):** (a) Artworks and objects of art, including without limitation, original paintings, drawings, etchings, watercolors, tapestries and sculptures or prototypes; (b) Clocks, jewelry, including costume jewelry, furs, and fur-trimmed clothing; (c) Personal effects, including without limitation, papers and documents; or (d) Coin money, currency, gift certificates, debit cards, credit cards, and any other items of extraordinary value. (e) For either unmarked, unlabeled, or improperly packaged television monitors, the maximum liability is the lesser of \$3.00 (USD) per pound or the actual invoice price.

Any declared value in excess of the maximums allowed herein is null and void, and the acceptance by Freeman of carriage of any shipment with a declared value in excess of the allowed maximums does not constitute a waiver of these maximums. In any event, (excluding small package program shipments) **Freeman's MAXIMUM LIABILITY WILL NEVER BE MORE THAN \$100,000 PER SHIPMENT.** Shipper understands that even if Shipper is not able to participate or fully participate in a Show due to loss of, theft of, or damage to their property, Freeman shall not be liable or responsible for damages identified by the terms (by way of example only and not in limitation of the breadth of this clause) such as the following: consequential damages, loss of use damages, loss of profits damages, business interruption damages, delay damages, special damages, collateral damages, exemplary damages, damages awarded for gross negligence, direct damages, indirect damages, or damages for failure of performance, breach of contract damages, fraud damages, or any other sort of damage for tort or breach of contract. This limitation shall bind the parties: **(a) WHENEVER OR WHEREVER THE CLAIMED LOSS OR DAMAGE MAY OCCUR; (b) EVEN THOUGH THE ALLEGED LOSS OR DAMAGE IS CLAIMED TO RESULT FROM NEGLIGENCE, STRICT LIABILITY, PRODUCTS LIABILITY, BREACH OF CONTRACT, BREACH OF STATUTE OR REGULATION, OR ANY OTHER LEGAL THEORY OR CAUSE, AND; (c) EVEN THOUGH FREEMAN MAY HAVE BEEN ADVISED OR BE ON NOTICE OF THE POSSIBILITY OR EVEN THE PROBABILITY OF SUCH DAMAGES.**

9. SHIPPER'S RESPONSIBILITIES AND INDEMNIFICATION:

(a) Shipper must pay in full for the services rendered under this Agreement at the time the services are requested. The existence of a dispute between Shipper and Freeman relative to any claim or other matter shall have no bearing on this duty of payment. No claim may be submitted by or on behalf of Shipper to Freeman unless Shipper's account is current.

(b) Shipper understands and acknowledges that Freeman does not accept or transport illegal or hazardous materials of any kind or nature. Shipper warrants and will ensure that its property is inert, and contains no Hazardous Substances, Hazardous Materials, Chemicals, Gasses, Explosives, Radioactive Materials, Biologically hazardous agents, or any other substance, matter or object in any form that could pose a threat to the health or safety of Freeman persons, property, or the public welfare in general. Such goods may be warehoused at owner's risk and expense or destroyed without compensation.

(c) Shipper shall defend and indemnify Freeman, its employees, directors, officers, and agents from and against any and all demands, claims, causes of action, fines, penalties, damages (including consequential), liabilities, judgments, and expenses (including but not limited to reasonable attorneys' fees and investigation costs) on account of personal injury, death, or damage to or loss of property or profits arising out of or contributed to by any of the following: Shipper's negligence, willful misconduct, or deliberate act; Shipper's violation of Federal, State, County or Local ordinances; Shipper's violation of Show Regulations and/or Rules as published and set forth by Facility and/or Show Management; and/or Shipper's failure to comply with subsection (b) of this section regarding the inclusion of any dangerous substances in the property placed with Freeman.

10. CLAIMS. Claims must be filed in writing within nine (9) months after the date of delivery of the property (or in the case of export traffic, within nine (9) months after delivery at the port of export), except that claims for failure to make delivery must be filed within nine (9) months after a reasonable time for delivery has elapsed. Suits for loss, damage, or delay shall be instituted against Freeman no later than two (2) years and one (1) day from the day when written notice is given by Freeman to the claimant that Freeman has disallowed the claim or any part or parts of the claim specified in the notice. Shipper shall deliver notice of claim for loss or damage by hand, U.S. mail, courier, facsimile, or electronic means to Sedgwick, PO Box 14151, Lexington, KY 40512-4151 as soon as loss or damage is discovered. The notice of claim shall invite a prompt joint survey of the damage, at a time and place to be agreed between the parties, and such survey shall go forward promptly. However, if in any case the property is received by the Consignee or the Consignee's agent without notice of loss or damage to property being served on Freeman within 5 business days of the receipt of the property, it is agreed between Freeman and Shipper that in that instance the presumption shall arise that the property was delivered in proper quantity and in good condition. Notice of concealed damage must be confirmed in writing or via email at exhibit.transportation@freeman.com within 5 business days of receipt of the property. If Carrier schedules an inspection, claimant must hold the shipping container, all packaging material and contents in the same condition as they were in when damage was discovered. Claims filed more than nine (9) months following the date on which the property was delivered or should have been delivered are agreed to be forever time barred.

For shipping containers designed for repeated use (tradeshow cases, totes, crates), Freeman shall have no liability for superficial damage to said containers in the form of scuffs, scratches, dents or dings. Freeman will only accept liability for "catastrophic" damage to these shipping containers (crushing, puncture, or complete destruction). Freeman's maximum liability in cases of "catastrophic" damage or total loss will be limited to a depreciated value of the container based on the time elapsed from the original purchase and the purchase price established on the provided original invoice. This maximum liability will be subject to all other applicable limits of liability such as repair costs.

11. CHOICE OF FORUM / ARBITRATION. THIS CONTRACT SHALL BE CONSTRUED UNDER THE LAWS OF THE STATE OF TEXAS WITHOUT GIVING EFFECT TO ITS CONFLICT OF LAWS RULES. EXCLUSIVE VENUE FOR ALL DISPUTES ARISING OUT OF CONTRACT, TORT, COMMON LAW OR RELATING TO THE ENFORCEMENT OR INTERPRETATION OF THIS CONTRACT SHALL RESIDE IN A COURT OF COMPETENT JURISDICTION IN DALLAS COUNTY, TEXAS. Notwithstanding anything herein to the contrary, any controversy or claim arising out of or relating to this Agreement, or the breach thereof, shall be exclusively settled by arbitration administered by the American Arbitration Association in accordance with its Commercial Arbitration Rules and judgment on the award rendered by the arbitrator(s) may be entered by any court having jurisdiction thereof.

12. MISCELLANEOUS. (a) Shipper warrants the accuracy of the weight and dimension data furnished in this Contract; (b) Shipper understands that once its property is shipped by Freeman pursuant to the instructions contained in this Contract, Shipper has no right to control the shipment, stop the shipment in transit, or divert or reschedule same. (c) Shipper agrees that this Contract may be provided to any third party, including common or contract carriers of cargo by air, water, rail, or road, for the purpose of confirming the right of Freeman to control the handling of the property and all matters related to payment for the shipment. Shipper agrees that all shipments are subject to correction and final charges determined by the actual or re-weighed weight of the shipment.

13. SMALL PACKAGE PROGRAM. If items shipped via Freeman's Small Packages program are lost, damaged or destroyed while in Freeman's possession, **FREEMAN'S MAXIMUM LIABILITY SHALL BE \$100 per package UNLESS AT THE TIME OF SHIPMENT SHIPPER MAKES A DECLARATION OF VALUE IN THE SPACE DESIGNATED ON THE SHIPPING INSTRUCTIONS AND PAYS THE APPROPRIATE VALUATION CHARGE.** If small packages are received by the Shipper and notice of loss or damage is not received by Freeman within 15 days of the delivery of the property, the parties agree that the presumption shall arise that the property was delivered in proper quantity and in good condition.

CUSTOMER GUIDELINES FOR SUBMITTING GRAPHICS ARTWORK

Our goal is to provide you with the best possible quality graphics for your event or exhibit. You can help us in that effort by providing digital art files using the following guidelines. If you are sending us completed, print-ready files, please pass the following information on to your graphics designer or art department. Two overall considerations for submitting acceptable artwork involves proper resolution or size of the file to avoid poor quality images, and proper color matching information and proofs to ensure accurate color reproduction.

PLEASE PROVIDE THE FOLLOWING WHEN SUBMITTING ART

RASTER ART (photos, logos containing any continuous tone images):

- Art submitted at 1:1 (100%), resolution should be no less than 60 dpi (100 dpi preferred)
- Art submitted at 2:1 (50%), resolution should be no less than 120 dpi (200 dpi preferred)
- Art submitted at 4:1 (25%), resolution should be no less than 240 dpi (400 dpi preferred)

VECTOR ART:

- Logos should be vector and have outlined fonts (if provided as bitmap, please use high-res images)

FONTS and LINKS

- Supply all fonts used in your design (zip Mac fonts). If unsure how to collect fonts, convert them to outlines
- Supply all links used in your document. Use packaging feature if available. If unsure how to collect links, embed them in the file when saving.

COLOR

- If PMS color matching is required, please use original Pantone + Solid Coated swatches in your artwork. Modifying Pantone names will result in printing default color (CMYK)
- CMYK artwork will be produced "As Is". Our color output is balanced and vibrant.
- Convert RGB art to CMYK if possible.
- If you are sending Certified Color Proofs (Gracol, Swop, Fogra), please provide ICC file information used to print your samples. Best option would be to include ICC chart on your prints.

ARTWORK IN THE STRUCTURE

- Please note that any panels going in the metal frame will hide 1/4" of your art all the way around. If you have a continuous wall where individual panels are divided by metal, use 1.25" spacing in between each panel to account for gaps and the natural flow of the graphics.

ACCEPTABLE FILE SOFTWARE

We are capable of working with both PC and MAC based software, and can accept art created with the ADOBE Creative Suite - Illustrator, InDesign, and Photoshop

Always provide the following:

- Native files with fonts and links (zipped)
- High-res PDF-X/4 exports of the files

ACCEPTABLE FILE TYPES and SUPPORT FILES

NATIVE FILES:

- AI CLOUD (CC) file with Packaged supporting links and fonts. You may keep images linked but Packaging feature must be used.
- AI (CS6, CS5, CS4...) file with embedded links and outlined fonts
- EPS file with embedded links and outlined fonts
- INDD file with Packaged supporting links and fonts

PRINT FILES:

- High-res PDF-X/4 (preferred)
- AI with PDF content (choose this option when saving file)
- EPS files with embedded links and outlined fonts

RASTER OR BITMAP ART:

- Photoshop EPS (preferred, use 8-bit preview, Max, Quality JPG compression)
- PSD (make sure font layers are rasterized)
- TIFF, JPG (quality 8 and higher)

Mac users: Use Zip or Stuffit programs when submitting fonts other than OTF (Open Type Fonts)

WAYS TO SEND ARTWORK

• Files below 10 MB can be delivered via email. Larger files may be posted to Freeman's FTP site. You may get the password and other needed information from your Freeman service representative in order to post files. However, a hard copy proof and backup of the files on CD-Rom/DVD may be required to be sent via overnight delivery in addition to posting the electronic files. Please call (201) 299-7575 for assistance.

***** SPECIAL NOTICE *****

Shipping Freight - To and From the Javits Center

To: **Decorators, Exhibitors and Event Managers**

The Javits Center is frequently billed for freight charges owed by event managers, exhibitors and decorating companies. The Center is not liable for these charges and the problem is causing a drain on our resources.

There are a number of steps you can take to make certain that the Javits Center is not billed for your shipments, such as:

- 1) When arranging for freight to be shipped to you at the Center, Your full name **MUST** appear on the address and "**c/o**" precedes the Center's address. You **MUST** include your Event and Booth number;
- 2) When shipping freight from the Center, use your name and address rather than the Center's. The Center's name should only be used if a shipper requires it as the pick-up address;
- 3) Provide carriers with the shipper's and the receiver's complete name, address, telephone number and account number; and
- 4) Your shipments **MUST** be pre-paid or you must provide the carrier with an accurate account number for the party responsible for payment.

We appreciate your cooperation in this important matter.

Very truly yours,
Javits Center Finance Department
