Material Handling

[Click Here for Material Handling Rates](#)

Freeman is the exclusive provider of material handling services. You have two options for shipping your advance freight - either to the warehouse or directly to show site. Material handling charges will automatically be applied to your account upon receipt of each shipment.

MOVE-IN & MOVE-OUT PROCEDURES

All Exhibitors have an assigned move-in date. To determine your targeted move-in day please refer to this color-coded [Move-In time floor plan](#). This time frame will be when your booth will be built and ready for you to occupy. By this date/time any freight you have sent to Freeman’s advanced warehouse will be delivered as well. Please note, the timeframe listed doesn’t necessarily mean all Freeman furnishings or other vendor orders (showcases, lighting, electrical) will be placed. In the case of electrical, you will need to check in with the Electrical Foreman at the front of the hall once you arrive so that they can put you on their list for a laborer to perform the electrical work.

Exhibitors wishing to request a revised targeted move-in date and time must email Show Management the request at ambika.nainani@EmeraldX.com by July 5, 2025. All target change requests must be authorized and approved by Freeman and revised target times will be communicated by email.

Self-Unloading / Hand Carry Policy

Javits Center has created an area on their property to make it easier for exhibitors to hand carry their items directly into the Hall. **The inner roadway (enter at 38th St. and 11th Ave) has been designated as the official, approved, location for exhibitor self-service hand carry unloading and loading out operations.** Security personnel will be on hand to direct you. Once again, the usual rules relating to exhibit self-service hand carry operations will be in place (no trucks). Someone representing the exhibitor must always remain with the vehicle. Vehicles left unattended will be ticketed and/or towed.

All the space in the Inner Roadway (the shuttle bus loading/loading out space) will be available for exhibitor self-service hand carry operations during the move-in and move-out periods (no trucks allowed). Exhibitors must be badged and may hand carry their merchandise from their privately-owned vehicle (i.e. car, van, or SUV) to the designated exhibit areas. Exhibitors may use nothing larger than a two-wheeled baggage cart (plastic or rubber wheels only) or hanging clothes racks with four wheels to move in their items. Hand carts & dollies are not permitted. Unloading requires one person to always remain with the vehicle. Product must be unloaded within 30 minutes and the vehicle must then be moved. Vehicles left unattended will be ticketed and towed.

Free Porter Service to Ease Your Move-In

We want to ensure you have a smooth load in, so we are paying for labor to assist you with your heavy lifting. Just follow the Public Safety officers' directions to park in the Inner Roadway in front of the Javits Center and then go to the Labor Desk inside the sliding doors to sign up for the complimentary service. Please note during peak move in times (11 am - 2 pm) there may be 25–30-minute wait, so plan accordingly. You should also still always have a second (or third) person with you for load in, in case one of you needs to move the car while the other waits with your supplies to be brought into the show.

Approved During Hand Carry/POV Operations

- Exhibitors may use nothing larger than a two-wheeled baggage cart or Hand cart (plastic or rubber wheels only) to move their items.
- Hanging clothing racks with four wheels are allowed for moving hanging garments.
- Pop-up displays – equal or less than 10 feet in length and capable of being carried by hand by one person – may be brought into the building.

Freeman workers equipped with flat carts will assist exhibitors with unloading at the posted roundtrip rate. Large vehicles are limited to a Sprinter van, no box truck allowed. Two people must be with the vehicle – one to accompany the product to the booth and one to remove the vehicle from the area – and the vehicle must be completely unloaded within 30 minutes of arrival at the unloading area. Vehicles that do not qualify for this service or that require mechanical assistance to unload will be directed to the marshaling yard.

A POV, or Privately Owned Vehicle, is any vehicle primarily designated to transport passengers and not cargo or freight. Qualifying vehicles include pick-up trucks, passenger van, SUV, taxi, or a box truck less than 17' in length.

LABOR REGULATIONS

What Can Exhibitors Do Without Union Personnel?

Contrary to popular belief, exhibitors are allowed to do some work within the privacy of their own booths. Exhibitors may install and dismantle their own exhibit and lay their own carpet in their own exhibit area if the booth size is 250 sq ft or less and the following conditions are met:

- No tools are used in the assembly or dismantle.
- Individuals performing the work must be full time employees of the exhibiting company and carry identification to verify this fact. Exhibitors are allowed to unpack and repack their own products (if in cartons, not crates) and are allowed to do technical work on their machines, such as balancing, programming, cleaning of machines, etc. Exhibitors may “hand carry” or use nothing larger than a two-wheel baggage cart (rubber or plastic wheels only) to move their items. Exhibitors may move a “pop-up” display (equal or less than 25' in length) capable of being carried by hand by one person. The individuals moving the items must be full-time employees of the exhibiting company and must carry identification to verify this fact. We hope the above will help you. If you are in doubt, do not wait until you get to the show to ask questions. Call the Show Manager or Freeman in advance.

Tipping

Tipping is expressly prohibited. This includes such practices as giving money, merchandise, or other special consideration for services rendered. Any attempt to solicit a gratuity by an employee for any service should be reported immediately to Freeman.

Building Rules/Guidelines

It is strongly recommended that all exhibitors visit the [Jacob K. Javits Convention Center's Exhibitor page](#). This page includes a [Guidelines & Information](#) section with documents to be downloaded with information that should be reviewed and understood for any topics relating to your booth.

Fire Marshal Requirements & Permitting

Please visit the Jacob K. Javits Convention Center's [Guidelines & Information](#) page for Fire Marshal requirements.

OSHA Regulations

All exhibitors and hired third-party contractors must comply with environmental laws and OSHA regulations.

Clean Floor Policy

There will be no exceptions to this policy. Items must be removed from the show floor as follows:

- All crates and skids labeled for EMPTY storage..... no later than 5 pm on Saturday, August 2
- All bulk trash labeled for disposal..... no later than 5 pm on Saturday, August 2
- All ladders & large booth construction equipment..... no later than 7 am on Sunday, August 3
- All booths set and show ready..... no later than 9 am on Sunday, August 3

Following this Clean Floor Policy schedule will allow Freeman sufficient time for overall cleaning of the exhibit hall, as well as provide exhibitors the space to complete their booth set-up by keeping aisles clear.

Crates without empty or access storage stickers will be tagged by the area floor managers or Freeman and removed from the exhibit hall – whether full or empty. Exhibitors may request products to be returned to their booth at the exhibitor's expense. Depending on where the crates are located, it may not be possible to access the crates prior to move-out.

Excessive/Bulk Trash

Any bulk trash which consists of display materials, carpet, padding, crates and/or pallets will be disposed of and charged both a dumpster fee and a disposal. Excessive booth materials and/or literature left in the booth at the end of published exhibitor move-out that is not labeled for an outbound shipment or donation will be considered abandoned. Bulk trash is defined as any waste larger than 3' x 3' x 3' or 1m x 1m x 1m x 1m. Exhibitors will be charged for the removal and disposal of these items. For more information regarding bulk trash, please contact ambika.nainani@EmeraldX.com.

Booth & Material Abandonment

Exhibiting companies are required to make cleaning and labor arrangements for both materials dismantle and/or removal. It is expected and required that all the exhibiting material be removed at the end of the show. It is not appropriate for bulk material to be left in the aisles during move-in or left behind during move-out. This includes, but is not limited to flooring, large boxes and crates, racks, exhibit displays, literature, etc. If the exhibiting company does not want any or part of their exhibit material, arrangements for cleaning labor and dumpster/disposal need to be made in advance through Freeman. Exhibitors that do not comply with this policy and leave excessive literature and/or display materials in their booth during move-in or move-out will be deemed guilty of "material abandonment" and will be charged for the removal of these items.

Care of the Facility

- It is understood that exhibitors shall neither injure, nor mar, nor in any manner deface the premises.
- No bolts, screws, hooks, or nails shall be driven into or otherwise attached to the walls or floors of the exhibit areas.
- No part of the display may be attached to or otherwise secured to the columns, drapery backdrop or side dividers.
- Decals or other adhesive materials shall not be applied or affixed to the walls, columns, or floor of the exhibit areas.
- All curtains, draperies and decorations made from textiles of combustible fibers or other flammable materials must be flame proofed in the manner approved by all applicable jurisdictions.
- The exhibitor shall promptly pay for any and all damages to the facility, booth equipment or the property of others caused by the exhibitor or any of its employees, agent's contractors or representatives.

EXHIBITOR APPOINTED CONTRACTOR

If exhibitors wish to use an Exhibitor Appointed Contractor (EAC), the following rules and regulations must be adhered to by the exhibitor and the EAC. These rules will be strictly enforced. Completion & submission of the required [EAC & Insurance Submission Form](#) qualifies as acceptance that the EAC will abide by all rules and regulations, especially those as contained herein for EAC.

The EAC/I&D contractor must be licensed, insured, and authorized to work in Jacob K. Javits Convention Center. Contractors must adhere to all rules and regulations of NY NOW, Freeman, the Jacob K. Javits Convention Center, and the local unions. This includes keeping “no freight aisles” clear, clearing empty crates off the show floor, not dismantling any portion of the booth before the show closes, and being properly badged. All contracted personnel must pick up the daily EAC wristband from a designated EAC Check-In area before admission to the exhibit floor. Personnel must have proof of company affiliation and a photo I.D. The EAC shall refrain from placing an undue burden on the official service contractors by interfering, in any way, with the official contractor’s work. If the EAC, in any way, disrupts the orderly conduct of business by any of the official contractors or impairs the smooth installation and dismantling of the event, the EAC will immediately cease such disruption or be removed from the event site. Show Management will have the final decision in such instances.

The EAC will not solicit business at the event and personnel must always wear the daily wristband. It is the exhibitor’s responsibility to make sure that all independent contractors are properly badged before arrival.

Emerald (Show Management), NY NOW (Show Management), the Jacob K. Javits Convention Center (Facility), and Freeman (General Service Contractor) must be named as additionally insured by all contractors working in the hall. Show Management must receive the certificate of insurance no later than 30 days before the commencement of installation and it must be submitted using the online [EAC & Insurance Submission Form](#). Certificates received through mail, e-mail, fax, or any other means will not be accepted. Show Management will give authorization to the EAC to provide installation and dismantling services to the exhibiting firm upon receipt of:

- Certificate of insurance for workers’ compensation and employers’ liability, comprehensive general liability, and automobile liability insurance.
- The workers’ compensation and employers’ liability insurance must provide a minimum limit of (recommended \$500,000 USD) and meet the New York State Requirements.
- Comprehensive general liability coverage must provide at least (recommended \$1 million USD per occurrence /\$2 million USD general aggregate) in coverage and shall name Show Management, the sponsoring associations, the event owners, the official contractor, and the facility as additional insured.
- Automobile liability should include all owned, non-owned, and hired vehicles with limits of (recommended \$500,000 USD) bodily injury and property damage liability.

In performing work for their clients, the EAC shall cooperate fully with the official contractors and shall comply with existing labor regulations or contracts as determined by the commitments made and obligations assumed by Show Management in any contracts with the official contractors. Failure to comply with these regulations will result in refusal or loss of authorization to perform services and immediate removal from the event site. Services ordered on behalf of exhibitors by EAC’s or other third parties must be authorized in writing by the exhibitor. Payment for all services will be the responsibility of the exhibitor.

Exhibitors using an installation and dismantling contractor (I&D), and/or an exhibitor appointed contractor (EAC) to set-up or teardown their exhibit, must complete the [EAC & Insurance Submission Form](#).

Complete this form only if you are using the services of an outside contractor to install or dismantle any part of your display. The form but be filled out completely and submitted with the EAC’s certificate of insurance.

BOOTH GUIDELINES | FROM A-Z

Americans with Disabilities Act (ADA)

All exhibiting companies are required to comply with the Americans with Disabilities Act (ADA) and are encouraged to be sensitive, and as reasonably accommodating as possible, to attendees with disabilities. Click [here](#) for more information on the Americans with Disabilities Act (ADA).

Animals

Permission for any animal (cats, dogs, etc.) to appear must be approved by Show Management then by the facility.

Booth Appearance

All open or unfinished sides of the exhibit which may appear unsightly must be covered or Show Management will have them covered at the exhibitor's expense.

Any portion of the exhibit bordering another exhibitor's space must have the backside of the exhibit finished and not incorporate any identification signs, lettering, or graphics that would detract from the adjoining exhibit.

Exhibitors that do not properly cover the floor of their entire exhibit area will be required to have carpet supplied by the General Service Contractor at the exhibitor's expense.

Business Center

[FedEx Office](#) is the exclusive business center for all convention participants, offering full-service printing materials, advertising opportunities, mobility services, Internet access and faxing.

Display of Product

Aisles must not be obstructed at any time. No portion of an exhibitor's display, product, or demonstration may extend into any aisle, including the audience. Space within the booth must be designated for any group of attendees viewing or participating in a presentation or demonstration within the booth.

- Fog, smoke, and steam machines are not permitted.
- Exhibitors are prohibited from possessing, displaying, or depicting any products or components in their booth which could be interpreted as being a promotion of another company.
- No exhibit will be permitted, which interferes with the use of other exhibits or impedes access to the aisles.
- Items located in the exhibit space must be in good taste or will be removed at the discretion of Show Management.

Distribution of Promotional Items

Circulars, catalogs, magazines, folders, promotional, educational, or other giveaway matter may be distributed only inside the exhibitor's display. Distribution from booth to booth or canvassing on any part of the facility property is forbidden. Exhibitors must confine their exhibit activities to the space for which they have contracted. No exhibitor may distribute or leave behind merchandise, signs, or printed materials in the registration areas, meeting rooms, or public areas of the event site, including hotels, shuttle buses, parking garages, etc., without prior written approval of Show Management.

Drawings, and Contests

Raffles, drawings, and contests, if permitted by law, are allowed in an exhibitor's booth but will be regulated by Show Management. Show Management reserves the right to limit the promotional activity anywhere on the exhibition floor as they see fit to ensure a professional and safe atmosphere. These activities include and are not limited to, handouts, contests, lotteries, promotional activities, entertainment, raffles, and drawings.

Drones

No drones, remotely piloted aircraft systems (RPAS), or Unmanned Aerial Vehicles (UAVs) are permitted in any exhibit hall or any NY NOW space.

Exhibitor Conduct /Good Neighbor Policy

Activities may not disturb neighboring booths. Exhibitors are required to keep all booth activities within the confines of their exhibit space and not interfere with aisle traffic flow or access to neighboring exhibits. Exhibitors are required to conduct themselves and operate their exhibit so as not to annoy, endanger or interfere with the rights of others at the show. Unsportsmanlike, unethical, illegal, or disruptive conduct, such as tampering with another party's exhibit or engaging in corporate espionage is strictly prohibited. Exhibitor's personnel and their representatives may not enter the exhibit space or loiter in the area of another exhibitor without permission from that exhibitor, and at no time may anyone enter an exhibit space that is not staffed.

The official provider of floral and plants is Big Apple Floral. Visit their [website](#) for more information or [download the order form](#).

Food & Beverage Sampling

All food and beverage samples brought into the Jacob K. Javits Convention Center must have written approval from Cultivated Catering prior to the event. For more information, [Get Started with Cultivated Catering](#).

Lighting

- Lighting, including spotlights and gobos, should be directed to the inner confines of the exhibit space. Lighting should not project onto other exhibits or exhibition aisles.
- Lighting which is potentially harmful, such as lasers or ultraviolet lighting, should comply with facility rules and be approved by Show Management.
- Lighting that rotates or pulsates and other specialized lighting effects should be in good taste and not interfere with neighboring exhibitors or otherwise detract from the general atmosphere of the exhibition.
- Currently, some facilities do not allow quartz halogen lighting fixtures in exhibits due to potential fire hazards. Check with Show Management for rules specific to the event facility.
- Droplights or special lighting devices must be hung at a level or positioned so as not to prove to be an irritant or distraction to neighboring exhibit booths or guests.
- Use of halogen rules vary by facility and should be verified prior to booth construction. To ensure safety, halogen lamps are limited to 75-watts and must be of the sealed variety which prevents direct handling of the bulb. The use of any stem mounted halogen or other fixtures employing either a linear quartz bulb or a non-shielded halogen bulb is strictly prohibited.

Noise / Music

In general, exhibitors may use sound equipment in their booths so long as the noise level does not, in the exclusive judgment of Show Management, disrupt the activities of neighboring exhibitors. Speakers and other sound devices should be positioned to direct sound into the booth rather than into the aisle.

Sound created by amplified devices should not exceed 80 decibels when measured from the aisle immediately in front of a booth.

Exhibitors should be aware that music played in their booths, whether live or recorded, may be subject to laws governing the use of copyrighted compositions. ASCAP, BMI, and SESAC are three authorized licensing organizations that collect copyright fees on behalf of composers and publishers of music. Show Management does not have a license with any licensing agencies; therefore, the exhibitor is responsible for obtaining licensing directly. Adherence to these federally mandated copyright licensing laws is of critical importance.

Photography

Photography and video recording are NOT permitted in the exhibit hall except by the Official Show Photographer or an approved Exhibitor Appointed Photographer.

- Exhibitors and/or approved Exhibitor Appointed Contractors may photograph or record their own exhibits during show days ONLY.
- Photography or video recording of any area outside an exhibitor's booth (including but not limited to Registration Areas, Keynote Sessions, Conference Sessions, and Meeting Rooms) is prohibited.
- Photo shoots scheduled outside of published show hours must include a security escort ordered from the official security provider or a member of the Emerald marketing department.

- Members of the press must first receive permission from the exhibitor to photograph the exhibitor's booth.

Selling at Booth

Selling merchandise from your booth during the show is strictly prohibited. Any display items sold during the show cannot be removed from the show floor until after closing on the final show day. Exhibitors who choose to sell their display items must work jointly with the purchasing party to arrange for removal of the items from the show floor, while following all move-out and labor regulations. Exhibitors must also escort the purchaser to the exhibit hall exit and confirm with security that the purchaser is authorized to remove the items from the exhibit hall.

Sharing of Exhibit Space

An exhibitor may not bridge an aisle, whether by a physical structure, carpeting, banners, etc., to connect their exhibit space with one across the aisle without permission from Show Management.

Strolling Entertainment & Suitcasing

Strolling entertainment or moving advertisements (robots, persons carrying or wearing signs, scooters, etc.) outside an exhibitor's space are not permitted. Repeat violations will result in the confiscation of materials/promotion items involved in the violations and loss of priority points.

- ⇒ Suitcasing is defined as any activity designed to solicit or sell products or services to delegates attending a meeting, conference, or event without the proper authorization by Show Management or in ways that violate the rules of the event. Any attendee who is observed to be soliciting business in the aisles or other public spaces, in another company's booth, or in violation of any portion of this policy, is subject to removal without refund and additional penalties.

The selling or solicitation of products or services may only be conducted by companies in good standing, within their exhibit space, confirmed meeting or conference space or within the event as authorized by Show Management. Companies conducting business outside the confines of the exhibit hall, booth location or in unauthorized properties within [JKJCC] of the exhibit facility without the permission of Show Management are in violation of this clause.
